Arraign Wells For Deputy Slaying Out At Phoenix, Arizona

PARLEY HAS BEEN ADJOURNED LAST 6 WEEKS, SAYS WILL

(Special To The News)
BEVERLY HILLS, Cal., Feb. 20.—See where the disarrangement conference adjourned for a week. That's the second time they have adjourned. The first adjournment was for five weeks, now this one for only one.

The old Democrats came through today. Joe Robinson informed that "we wasn't over there to guarantee anybody's safety, that we was over to try and save everybody some taxes. But if they saw fit to go out and match a war with somebody to not count on us as being a member of the cast. Just a bleacher seat would do us the next time."

Mr. Hoover is making an awful big mistake. He feels the regular Republican leaders for breakfast. The ones he wants to feed is the Democrats, and the sons of the wild jackasses.

Yours,
WILL ROGERS.

PA NEW OBSERVES

With the advance sample of spring weather of the past few days, some of the youngsters have even progressed faster than the weather man. Pa New saw a group playing base ball on Boyles Field last night.

Wonder how the matter of the new station for the Pittsburgh and Lake Erie Railroad Company is coming along? Won't it be a grand and glorious feeling for us New Castleites when a real fine station is to be seen on the West Side depot side of the P. L. E.? Hope the mayor can report some developments in the near future.

Not only the boys are convinced that spring is really here, although a month in advance of schedule, but the small girls are also of the same opinion one would surmise. The bare knees had seems to have come back during the past few spring like days.

Yesterday's temperature was the highest of the winter and probably the highest for that date in many years, the maximum being 65 degrees. Today's maximum temperature bids fair to reach the same figure.

The weather man surely is working with the merchants of the city today. What more could be asked than the perfectness of the day and this with the bargains offered, has drawn a throng of shoppers to the city from surrounding territory.

Bundles, Bundles, Bundles, Pa New observed all kinds, sizes and shapes this morning in the arms of the dollar day shoppers. Some of the women shoppers, in addition to the bundles were carrying infants in their arms.

Pa New was given some Italian Green seeds, this morning. It is a plant which many people have probably never heard of. It is something like a cauliflower, and is good to eat, Pa New was told.

When a lady dropped a coin on the sidewalk, this morning, a chivalrous gentleman told her to run along and not bother to pick up the coin he would pick it up!

W. M. White of E. North street, who is enjoying the winter in the sunny south, sent William Orr, E. Washington street, a box of oranges and grape fruit, as a reminder of what grows on southern trees. Oh, well, the weather here is perfect, and maybe (Continued On Page Two)

Man Caught With Dague And
Irene To Get Preliminary
Trial At Phoenix

NOW IDENTIFIED AS
U. S. ARMY DESERTER

Arrangements Under Way At
Phoenix For Hanging
Of Woman Prisoner

(International News Service)
PHOENIX, Ariz., Feb. 20.—Joseph F. Wells, alias Vernon Ackerman, captured here with Mrs. Irene Schroeder and W. Glenn Dague, who are awaiting trial in New Castle, Pa., for the murder of a Pennsylvania highway patrolman, today faced preliminary trial here for the slaying of Lee Wright, Arizona deputy sheriff.

Wright was shot and fatally wounded in a gun battle with Mrs. Schroeder and her aides while the trio were trying to break through a cordon of armed men who had surrounded them in the sandy wastes of Maricopa county.

Army Deserter.
Wells has been identified, authorities declare, as Vernon Glenn Ackerman of Guthrie, Okla., listed on United States army rolls at Fort Logan, Col., as a deserter. It is charged that Wells ended in the army at Fort Logan and later deserted. Identification of the man was established thru fingerprints sent here.

Meanwhile, grim indication of the possible fate awaiting Mrs. Schroeder in this state for the killing of Wright if a Pennsylvania jury fails to mete out a death or life imprisonment sentence (Continued On Page Two)

Exonerate Both Drivers In Crash

Freed From Blame By Coroner's Jury Sitting In Kissick Inquest

PASSENGERS IN CARS
GIVE OWN VERSIONS

That no negligence was shown on the part of either driver was the verdict of the coroner's jury sitting last night in the inquest on the death of William Kissick, aged 16, Ellwood City, who died from a fractured skull sustained when the machine of David Ramsey, New Castle, and Reed Kimpel, Ellwood City, crashed on the New Castle-New Wilmington road on Sunday evening, Feb. 9. The inquest was held at the office of Alderman Mantz.

The verdict read:
"We, the jury, believe that William Kissick came to his death as a result of an automobile collision that occurred on the New Wilmington road in Wilmington township on the night of February 9, 1930, and we further believe that this accident was unavoidable."

Coroner J. P. Caldwell presided.

Ramsey Testifies
David Ramsey, driver of the New Castle car, bound south on the New Wilmington road on the night of the accident, was the machine to stand first. He told in detail his version of the collision, stating that the road was covered with slush which was fast turning to ice at the time his car and the Kimpel machine came together.

Ramsey testified that he saw the Kimpel car veer to his side of the road and towards a private lane which runs into the Fred Lusk farm. In his mind he thought the other machine was turning in, so he applied his brakes. But he saw the headlights of the other machine point to the other side of the road momentarily and then realized that the approaching machine was skidding. Before he could stop his car the two came together on the right (Continued On Page Two)

NEW CASTLE YOUTH FIGURES IN MORGANZA FUGITIVE HUNT

(International News Service)
MORGANZA, Pa., Feb. 20.—Officials at the Western Pennsylvania Training School were tendered an unexpected double-barreled surprise here today when three youths, for whom a search had been instituted as escaped convicts, returned to the institution and told authorities they had been searching for two other boys whose escape had been overlooked in the search for the three who returned.

The youths, Gilbert Gloss, 20, of Erie; Raymond Davis, 18, of New Castle, and Hay Dean, 20, of Pittsburgh, were reported missing last night when a checkup revealed that two or three inmates were not in their dormitories. Descriptions of the youths were broadcast throughout the state over the state police telegraph system and search for the "escaped" prisoners was gotten under way.

All three turned up before breakfast this morning. Official pleasure over their return was somewhat dampened when it was learned the prisoners had left the institution to hunt for two younger boys who had fled the school unknown to officials.

Another search was started coincident with their return for John Blitzman, 17, of Fayette county, and William Nichi, 19, of Charleroi. The police description of Gloss, Davis and Dean was recalled and the descriptions of Blitzman and Nichi sent out instead.

Lieut. Eielsen's Body Is Found

Evidently Killed Instantly When
Plane Crashed In Arctic
Waste

(BULLETIN)
(International News Service)
FAIRBANKS, Alaska, Feb. 20.—Lieut. Carl Ben Eielsen's body was found beneath his wrecked cabin plane ninety miles southwest of North Cape Siberia, Tuesday, a radio message from Pilot Joseph Crosson, one of the searching party, said today.

Crosson in his dispatch sent from the ice-bound fur trader Nanuk, said that both Eielsen and his mechanic, Earl Borland, evidently had been killed instantly when their plane crashed last November. Borland's body was found last Thursday.

Although the gasoline supply used by the rescue planes is nearly exhausted, an attempt will be made today or tomorrow to transport the two bodies to the Nanuk, according to Crosson. From the Nanuk they will be brought here.

Eielsen, a noted Arctic flier, and manager of the Alaska Airways was lost November 9, when he and mechanic Earl Borland flew from Teller, Alaska, with the Nanuk as their goal. Eielsen was engaged in transporting the cargo and crew of the Nanuk to Teller.

(International News Service)
PITTSBURGH, Feb. 20.—Pittsburgh's riotous taxi strike reached the bloodshed and fatality stage today with the death of William Dreihold, 24, former driver of the Yellow Cab Company, who was shot and killed by a motorcycle patrolman last midnight.

Dreihold was fatally wounded when Patrolman William Harrison, stationed on guard duty in front of the Baltimore and Ohio railroad station whipped out his pistol and fired at an automobile which had tried to run him down.

The wounded man, shot through the head, was taken to a local hospital by his brother Robert, 25, who was arrested at the hospital and held as a suspicious person.

Brother Is Held
Detectives charge that Robert was in the machine when his brother was shot. The other occupants of the car fled after helping Dreihold into the hospital. The injured man died soon after admittance.

Dreihold's death marked the climax of a night of disorder and terror which were especially notable in the vicinity of the Baltimore and Ohio station and the Smithfield street bridge leading into the city across the Monongahela river.

Two automobile loads of alleged strike sympathizers raced up to the bridge, swerved and skidded into close proximity of three fleeing Yellow cabs enroute to the city on the bridge, and from the two machines a hail of stone, pieces of metal, bricks and other missiles was rained upon the strikebreaking drivers of the three cabs.

New Superior Court Judge Visitor Here

Judge J. Frank Graff Is In
New Castle On Wednesday
Afternoon

ONE OF YOUNGEST
IN IMPORTANT POST

Superior Court Judge J. Frank Graff, of Kittanning, Pa., who was appointed to the Superior bench by Governor John S. Fisher on Tuesday, paid his first visit to New Castle in his new role on Wednesday.

Judge Graff visited Judges R. Lawrence Hildebrand and James A. Chambers, District Attorney John S. Powers, Senator George T. Weingartner and a number of other friends in the city.

Youngest Superior Judge
While it is not definitely known, it is thought that Judge Graff is the youngest man ever to be appointed to the Superior Court. He is but 41 years of age and for the past six years has been the judge of Armstrong county. Prior to the appointment of Federal Judge Nelson McVicar, Judge Graff was prominently mentioned for that post.

He and his family have been prominent in Pennsylvania politics for many years. His father was at various times, state senator and a member of the House of Representatives. His uncle, Justice J. Hay Brown, had a brilliant career upon the bench of the State Supreme Court, and his brother, Peter Graff, of Worthington, Pa., has been a figure in Pennsylvania politics for many years.

LAW REQUIRES PUBLIC TRIAL FOR BOTH DAGUE AND IRENE

Since Wednesday afternoon, when it became known that several women's organizations had passed resolutions favoring private trials for Irene Schroeder and Glenn Dague, there has been more or less discussion over the merits of such an idea.

While the motivating idea back of the resolution is an excellent one, there is a bar to it being carried out, according to a well-known lawyer of the city, who for various reasons prefers that his name be not used.

Constitutional Bar
"The right to a public trial is one of the constitutional rights. The particular passage concerning such a right is found in the sixth amendment of the United States constitution, which reads: 'In all criminal prosecutions, the accused shall enjoy the right to a speedy and PUBLIC trial, by an impartial jury of the state and district wherein the crime shall have been committed.'"

"The same right is guaranteed by the Pennsylvania constitution of 1874, under which constitution we are now living. This is found in article two, section nine, which reads as follows: 'In all criminal prosecutions the accused hath a right to be heard by himself and his counsel to demand the nature and cause of the accusations against him, to meet the witnesses face to face, to have compulsory process for obtaining witnesses in his favor, and in prosecutions by indictment or information, a speedy, PUBLIC trial, by an impartial jury of the vicinage.'"

"Hence," continued the attorney, "all criminal trials are public and necessarily so, for any capricious right to close the doors of the court might easily lead to an abuse. It is entirely within the jurisdiction of the court hearing the case to refuse admission." (Continued On Page Two)

Rejected Suitor Kills Brother Of Girl Sought

Poses

(BULLETIN)
(International News Service)
DEXTER, Minn., Feb. 20.—Poses, a farmer, carried the county side here today for a farm hand who, when refused the hand of an 18-year-old girl in marriage, whipped out a revolver, shot and killed the girl's 14-year-old brother and wounded his sweetheart and her mother.

Weak from loss of blood from a bullet wound in her shoulder, the girl, Rita Drake, stumbled more than a quarter of a mile to the nearest farm house to summon aid for her mother and brother.

The suitor, a former farm hand employed by the Drake family, shot and killed the girl's brother, Albert, then shot Mrs. Drake twice and Rita once, the wounded girl told authorities.

Arrest In Akron May Solve
Actual Disposition Of
Lad's Body

(BULLETIN)

(International News Service)
WOOSTER, O., Feb. 20.—In a signed confession Charles Hannah said he murdered four-year-old Melvin Horst and then gave the boy's body to an Akron bootlegger and another man for 25 gallons of liquor, authorities revealed today.

The confession says that Hannah committed the actual killing but at the instigation of the Akron man, who he said wanted the boy killed as a way of letting Roy Horst, the boy's uncle, then Marshal of Orrville, "Know I wanted him to stop interfering" with bootleg activities.

Arrest In Akron
An alleged bootlegger is under arrest at Akron where he is being questioned by Summit and Wayne county officials. The arrest of the other man mentioned by Hannah is expected.

Hannah exonerated Earl Conall, who had been grilled by police in connection with the murder. He said that with Conall he drove to Akron the morning of December 27, 1928. They met the bootlegger and agreed to have the Horst boy at a garage in Orrville.

Hannah Confesses

Wooster, O., Feb. 20.—After 27 hours of grueling, nerve-racking grilling, Charles Hannah, 50, had today confessed that he killed 4-year-old Melvin Horst at Orrville, December 27, 1928.

The confession, which was briefly announced by Detective Ora Slater, special investigator, closely followed a visit which was made to Hannah by his wife and 10-year-old son, Junior.

FLORENCE, Ariz., Feb. 20.—Eva Dugan, Arizona's first murderer to face hanging, will be executed at the state prison tomorrow morning at 5 o'clock prison authorities determined today.

Mrs. Dugan, convicted of the club murder of her aged employer, A. J. Mathis, Tucson rancher, three years ago, was denied the final plea she made that a jury find her mentally irresponsible for the murder.

Mrs. Dugan today was spending her last few hours of life weeping, praying and with trembling hands, preparing her shroud.

The winter germs are dying fast, the germs of cold and flu, and they are leaving off their fight they made on me and you. But in their place comes other germs, if you're a germ believer, among them this, the lazy germ, the one we call spring fever. It sneaks upon us unawares, and grabs us in its clutch, and turns ambition pale and stark, initiative and such. It routs the will to work and toil, and leaves us idly sit, oh what a germ spring fever is, and how that germ can hit. It makes us want to roam the fields, and ramble in the hay, oh what a germ, what a disease, it's sixty-two today.

Executive Committee Of National Commander's Banquet Gets Reports

LARGE DELEGATIONS ARE NOW ASSURED

Much in the way of encouragement for the success of the national commander's banquet to be held March 4 in the Cathedral under the auspices of Perry S. Gaston post was reported at last night's meeting of the executive committee held at the Legion Home last night.

Woodlawn reported that a delegation of legionnaires about 125 in number would be present for the affair from that district. Other cities and towns of the district are now busily engaged in selling tickets for the affair and all are pledging real delegations.

The ticket sale here has also been very good and there is every indication that the quota of 2,000 will be reached on Tuesday, February 23. Major Guy Wadlinger as chairman of the reception committee has announced the following members of his committee: Robert E. Armstrong, Orville Brown, James Brice, R. Loy Boyd, Prof. F. L. oranges will begin to grow on some of the orange trees in a number of business men's offices.

A last minute rush of sending away applications for driver's licenses, is taking place at the postoffice. If you haven't already sent yours, do it immediately. Licenses are two dollars, this year.

Saturday is the anniversary of the birth of George Washington.

Pa. Newscs quite a number of ladies wearing their Spring coats, today.

With almost a mid-summer day prevailing, many of the stores having the front doors wide open, New Castle's semi-annual Dollar Day today is a marked success. Large crowds of shoppers have been on the streets, all day long, coming to this city from a large area in Western Pennsylvania.

The present warm spell seems to be drying up the ground rapidly, although roads in the country districts are quite muddy. Apparently there was less frost in the ground this year than heretofore, and local snows have not risen a drop during the few days. The water is quite clear.

It is noticeable that in the large and prominent stores, the almost indistinguishable auto license tags, both the Indiana and Illinois tags are quite small, and when smeared with the last bit of dirt the numbers cannot be read.

A few more days like yesterday and today and a general epidemic of spring fever will result. Pa. Newscs is beginning to feel that way already. Maybe it's because spring housecleaning will soon be in our midst.

Orville Brown, director of the census in the local district, is of the opinion that a great many residents are planning on taking trips during April. He has received an unusually large number of requests for blanks to be filled out by those who expect to be absent from the city.

Pa. Newscs observed a haughty collie dog among the shoppers on Washington street this morning. His mistress was having quite a time with him as he did not seem to like the looks of a mongrel who snapped at him and was doing his best to break his leash and sink his teeth into the tormentor.

That the spring-like weather has

an effect on people was manifested by the number on the streets last night. There were more pedestrians downtown last evening Pa. Newscs believes, than for a long time.

were brought to a halt by traffic lights. Seizing their advantage, the pursuing cars threaded their way through traffic and drew up behind the helpless cabs. From this vantage point the cabs were again stoned and their windows shattered.

Motorcycle Patrolmen James McGuire and Harrison leaped into their machines and drove toward the rioters. Meanwhile the traffic light had changed and as the officers reached the scene, one of the cars leaped forward, swerved toward Harrison and attempted to run him down.

Forced to Shoot
Harrison was forced to drop from his running motorcycle to avoid being killed. He landed unharmed on the sidewalk, pulled his pistol and fired one shot at the car, the bullet hitting Dreihbold.

McGuire pursued and halted the other machine, arrested its occupants and took them to Central Police Station where they were held as suspicious persons. They gave their names as Robert Blume, 29; Hugh Dowling, 28, and Edward McClain, 28.

The other car made its getaway, showing up later at the hospital to deposit the wounded man and his brother. Police have begun a search for the car which bore license plates issued to Joseph Fedore, of this city. Other developments in the taxi strike today were:

The release of six deputy sheriffs, employed by cab companies, who were found near strike headquarters with tear gas bombs in their possession in defiance of orders issued by Sheriff Robert S. Cain. The men were released in \$100 cash bail each.

Demands Refused
Issuance of a statement in which President Houston of the Pittsburgh Transportation company defended the practice of permitting strikebreakers to equip themselves with tear gas bombs.

Whether the cabs of this city are to be operated under a closed or open shop policy today remained the subject of the problem confronting officials who are endeavoring to bring the strike to a peaceful conclusion. Each camp remains adamant in its position, the strikers holding no compromise is possible under an open shop program and the cab companies refusing to accede to the strikers' demands.

STAR LORE

ATTRACTIVE OBJECTS IN FEBRUARY EVENING SKY
By Arthur Dev. Carpenter

Capella is now overhead a little west of the meridian, and is next to Sirius the brightest star visible in February. Its magnitude is 0.21. Zero is the first magnitude brighter than the first magnitude. This star is often called "Golden Capella" because it shines with a rich yellow light. This is a good month for seeing the constellation Cancer (Crab), located between Gemini and Leo. Cancer is famous for its cluster of more than 30 stars too faint to be distinguished with the naked eye, but all of them together form a patch of radiant light just visible on very clear, moonless nights. Be sure to locate it.

(Ramsey's) side of the road, Ramsey's car striking the Kimpel car at the left rear. He testified that he was driving about 30 to 35 miles an hour at the time.

Robert Gilfillan, who was riding in the front seat with Ramsey, took the stand next. His testimony coincided in every way with Ramsey's. He, too, said that for the moment he thought the Kimpel car was heading for the lane at the time, but saw the back end of the car slide around two times before they struck.

Bruce Ewing and James Woodrow were called next and both related their version of the accident. Ewing, called first, said that he was sitting in the center of the rear seat with James Woodrow to his left and Joseph Dombrowski, Westminster student, who had just been picked up in New Wilmington for a lift to New Castle, to his right. He testified that he had just been in the act of introducing Dombrowski to Woodrow, and when he looked up saw headlights of an approaching car on their side of the highway. He said the Kimpel car seemed to swerve twice before the crash.

Woodrow was also riding in the rear and testified that he was watching the road ahead and saw the Kimpel car cross the road in their path some distance away.

Kimpel Testifies
When Woodrow had finished testifying Coroner Caldwell then called Reed Kimpel, Ellwood City young man, who was driving the car in which Kiskick was riding. He related his account of the collision, stating that he was driving along at 30 miles an hour and going up grade when suddenly his right back wheel went off the concrete. In attempting to get back on his car went over on the left side. He testified that he attempted to return to his own side, but the front end went over while the back end veered on around due to the icy condition of the road. Both he and Miss Virginia Kiskick, who was riding in the front seat with him, were thrown clear of the car by the impact.

Kiskick was riding in the back seat with Miss Cathryn Hicks, New Castle, and they felt the worst force of the crash.

Miss Virginia Kiskick, sister of the deceased, when asked to tell her story recalled that she had seen the Ramsey car first as it came over the brow of the hill. She said their right back wheel went off the concrete and the car slid to the other side of the road, then back near their own and then to the left side of the road for the second time.

Miss Kiskick was the last witness to be called, and Coroner Caldwell inquired of the jury members if they had any questions to ask. There were none, and they were dismissed to determine their verdict. The jury returned in five minutes with the stated verdict.

LAW REQUIRES PUBLIC TRIAL FOR DAGUE AND IRENE

(Continued From Page One)

mission to a trial after the courtroom is filled.

No Circuses

"Any judge hearing a case can order the doors closed after the seating capacity has been taken up, for while a trial is public it is not to be turned into a circus with hundreds of people so jamming the courtroom that the progress of the trial is hampered. Witnesses, jurors and those connected with the case must be in the courtroom and have a right to a seat. What seats are left after they are taken care of can be taken by the public, but it is obviously right for a court to refuse to allow hundreds more to squeeze into the aisles and hang on window ledges just to enjoy a trial of a lawsuit."

In the resolutions which have been published the organizations asked for private trials for the defendants upon the grounds that the testimony would be "obscene, immoral and tending to injure the morals of young people."

Testimony given at the inquest, at the preliminary hearing and the facts made public in the case seem to preclude the sex angle in the case. The trials will be nothing more nor less than murder trials, conducted as any other murder trial would be, and from what is indicated thus far the trials of Irene Schroeder and Glenn Dague will be far less obscene than the trial of John Dewey Severs.

There is a widespread interest in the cases, and for this reason it is probable that many people will endeavor to gain admission to the courtroom when the trials are held. Many citizens, however, expressed their belief that the court of this county will restrict admission to the courtroom to the seating capacity.

Jurors, witnesses, newspaper representatives, members of the bar are among those who are ordinarily expected to be present at trials. There will be room for very few spectators at the trials, and there is no reason why the courtroom should be turned into a stadium.

POLITICAL TANGLE IN PENNSYLVANIA GROWING GREATER

(Continued From Page One)

publican organization of Philadelphia where the former is said to have made it plain he has no intention of abandoning his plans of running for senator. Both agreed not to discuss the details of their conference which lasted only half an hour.

William R. Douglas, private secretary to Vane, accompanied Hazlett and left for Washington where he is expected to confer with Secretary of Labor James J. Davis, a potential candidate for either governor or senator. It was reported the candidacy of Davis was not discussed at the conference. It is known, however, that in the event Vane's physicians decide his health is such as to permit him to take part in a primary campaign, Secretary Davis may be drafted as the candidate for senator to oppose Grundy.

Meanwhile, former Governor Pinchot, whose silence has been the source of no little conjecture to leaders of the Republican party in the state, is watching the Pennsylvania situation with great interest. In the event of a free-for-all fight for the governorship, it is regarded a certainty Pinchot will enter the contest for the nomination against Brown and Lewis.

Labor Opposes Grundy

Scranton, Pa., Feb. 20.—The first manifestations of sectional feeling against primary candidates declared itself here today when labor organizations in Lackawanna county took up the battle cry of "down with Grundy."

This action was the result of a meeting of the Scranton Central Labor Union held last night at which a resolution was adopted setting forth that organized labor "will oppose Grundy and his associates" at the spring primary.

The labor chiefs at their gathering launched a bitter attack on Grundy and his policies. David W. Davis, an international organizer for the mines union was loud in his denunciation of Grundy and his candidacy and called upon all laboring men to "get out and fight him."

Kline as Dark-Horse
PITTSBURGH, Feb. 20.—Hitherto unmentioned in connection with the political maneuvering now extant in the state, the name of Mayor Charles H. Kline of Pittsburgh, crept into the limelight today as a possible compromise, dark-horse candidate for the gubernatorial post for which Samuel S. Lewis and Francis Shunk Brown already are contesting.

Kline's name has been presented to the Pennsylvania political shrine at the home of William S. Vane, in Floriday, as the logical candidate for governor to head a state slate under the direction of Vane in the latter's "vindication campaign" for a seat in the United States Senate, according to reliable but unconfirmed reports here. Kline has been a powerful political figure in Western Pennsylvania for years and his friends believe that his experience in legislative work in the general assembly provided him with the grasp of state affairs necessarily incident to filling the executive chair at Harrisburg.

Deaths of the Day

Funeral of Capt. W. A. McCoy.

Funeral services of a military nature were held for Capt. W. A. McCoy Wednesday afternoon at 1 o'clock at the residence, 1610 Huron avenue, with Rev. Van Cleave in charge. Following the house service the funeral cortege moved to the Nazareth Methodist church where further services were conducted. The church was crowded with friends and relatives of the deceased. Mrs. Willis Miller was soloist at the services. At the grave the last marks of respect were in charge of Post Commander Perrine of the Spanish-American War Veterans.

Palbearers were members of Capt. McCoy's company: Lieut. F. L. Robinson, Corp. L. E. McCoy, Corp. R. M. Montgomery, Corp. T. C. McCoy, Privates H. L. Hunt and Alex. Hutchison. Interment was made in the Nazareth cemetery.

Nathan J. Book Funeral.

Funeral services for Nathan J. Book were held from the home of his mother, Mrs. Rose Book, Englewood avenue, Wednesday afternoon at 2:30 with Rev. G. S. Bennett of the First Christian church in charge, assisted by Rev. G. M. Landis of the First Baptist church.

Mr. Book, being a former resident of this city and well known, a host of relatives and friends attended the services in order to pay their last tribute to him. The floral tributes were magnificent and filled the rooms with the marks of respect of many friends. Palbearers were Vern Smith, Earl Douglass, George Book, Thomas Miller, Albert Tindall and Edward Dean. Interment was made in Oak Park cemetery.

Mrs. Emma Jackson Mornes.

Sudden and unexpected was the death of Mrs. Emma Jackson Mornes, wife of A. R. Mornes, 305 West Clay-ton street, Wednesday evening following an operation. She seemingly had been getting along nicely and her friends were looking for her rapid recovery, when suddenly her heart gave out, death coming about 7:30 p. m.

Mrs. Mornes was the daughter of David H. and Mary A. Jackson, pioneer settlers of Lawrence county, and was one of the best known women in the seventh ward. Her many friends and acquaintances are shocked at her demise and will mourn her loss. She was a member of the Mahoning Presbyterian church, taking an active part in all branches of its work. She also belonged to the Order of Eastern Star. She is survived by her husband, Archie R. Mornes; two sisters, Mrs. R. Reed of Carnegie, Pa., and Mrs. Charles Bennett of Willow Grove; two brothers, J. C. F. Jackson of Wampum and Dr. E. D. Jackson of this city. Funeral arrangements have not been completed.

Edward Dudy Funeral.

Funeral services for Edward Dudy, 326 Francis street, were held Wednesday morning at 9 o'clock from St. Mary's church with Rev. Fr. Ne reading mass. Palbearers were William Smiley, Mont. Oliphant, Joseph McCabe, Earl McVey, Martin McKittick and John McCabe.

Interment was made in St. Mary's cemetery.

Time Of Funeral

Funeral services for Mrs. Rose Respass, 4 Friendship street, will be held from the Second Baptist church, Friday at 2 p. m. with Rev. W. T. Engstrom in charge. Interment will be made in Greenwood cemetery.

Funeral of Mrs. Mary Gallo

Funeral services for Mrs. Mary Naples Gallo, who died from burns received Sunday, were held this morning from St. Vitus church with Rev. Fr. DeMita reading mass. Palbearers were Joseph Eulina, Patay Monahan, Arnold and Andy Naples, Tony Morrello and Tone Ochuzzo. Interment was made in St. Vitus cemetery.

month old mysterious disappearance of the Orville youngster was still shrouded in secrecy today. Slater barely announced that Hannah had confessed. Refusing to divulge any detail, Nor would he announce what the next move on the part of authorities would be. The confession was given out by Slater at 9 o'clock last night, nearly three hours after Hannah had "broken."

It was learned here this morning

that police had been requested to take into custody two alleged bootleggers at Akron in connection with the disappearance of the Horst boy. They are believed to have been implicated in the Hannah confession. Hannah, with Earl Conald, had been held for investigation, for about a week. Each had accused the other of killing Melvin.

This illustration shows one of the two Needles of Cleopatra, so called because, although originally erected at Heliopolis, they were transported to Alexandria by Cleopatra's orders. Obelisks were so popular with the Romans that they not only had a number transported from their original site in Egypt, but had many quarried in that country for use in Italy.

HIGHLAND WOMEN CHURCH LUNCHEON

The dining room of the Highland United Presbyterian church presented a beautiful appearance Wednesday when a group of women joined in entertaining at a one o'clock luncheon in the series being given by the Naomi Circle of the church.

Places were arranged for fifty guests at small tables attractively decorated with tall vases of red roses and George Washington favors marked each place. The hostesses served a delicious menu.

The afternoon hours were spent in hemming napkins for the Jameson hospital, with the results, that amid the conversation of the afternoon, three dozen napkins were completed.

Hostesses for the occasion were Mrs. J. V. Stewart, Mrs. Ira Fields, Mrs. J. S. McAnis, Mrs. Perry Thomas, Mrs. J. L. Welsh, Mrs. S. S. Sampson, Mrs. C. F. Mossman, Mrs. George Ralph, Mrs. A. Clyde Shoaf, Mrs. Evan Hopkins, Mrs. Walter Patterson, and Mrs. J. M. Wallace.

O. N. T. Club.

The O. N. T. club members were delightfully entertained Wednesday afternoon when they gathered at the home of Mrs. Henry Ehle on the Mt. Jackson road for their regular social time.

A tureen dinner was the feature, served on a beautifully decorated table in patriotic tones, with a large basket of fruit forming the centerpiece. Places for 10 guests were marked with George Washington favors, bearing appropriate verses. The remainder of the hours were enjoyably spent in music and needlework.

On March 19 Miss Agnes Davidson will be hostess to the club.

Church Luncheon

Mrs. J. P. Caldwell, Boyles avenue, very charmingly entertained a group of Highland United Presbyterian women in her home Saturday afternoon for a one o'clock luncheon.

After a delicious menu had been served the afternoon hours were spent in chat and fancy work.

JEWISH WOMEN

HEAR DR. M. DAVIS

The Motherscraft Club of the Council of Jewish women had an enlightening talk Wednesday afternoon at their regular meeting in the Temple Israel when Dr. Morris Davis gave them a lecture on "Prevention of Ill Health."

Dr. Davis took up a number of specific diseases and told the women just how they could be avoided and particularly stressed the point of having regular health examinations in order to get a disease at its earliest stage. In this way a lot of serious cases could be prevented.

The women of the club derive much benefit from these health talks which they have from time to time.

Entertainers Class

The Misses Elsie and Leola Johnson, assisted by Mrs. C. D. Minick, entertained the members of the Willing Workers class of the 2nd U. P. church, taught by Mrs. C. E. Book, at the former's home on Winslow avenue, Wednesday evening.

After a short business meeting, the hours were spent socially. The guests were delightfully entertained with several vocal selections by the Misses Marian Campbell and Margaret Reicher.

As a courtesy to Miss Helen Allison, a bride-elect of early March, the members of the class presented her with an appropriate gift.

At a later hour delicious refreshments were served by the hostesses.

Election of officers will take place at the March meeting, the place of which will be announced later.

T. A. F. O. Club.

Members of the T. A. F. O. club were delightfully entertained Wednesday evening when they gathered at the home of Mrs. Carl Kirchner on King avenue with Mrs. Herbert Hossler as hostess.

Two tables of bridge were enjoyed with prizes going to Mrs. Earl Reeves and Mrs. Elmer Calnan. The guest prize went to Miss Margaret Boyd. At a suitable hour a lunch was served by the hostesses, assisted by Mrs. C. Kirchner. The Misses Martha Hurst and Margaret Boyd were special guests of the meeting.

In behalf of the club members Mrs. H. Hossler, who is going to Connellsville, Pa., to make her home, was presented a gift as a token of remembrance. In four weeks Mrs. Earl Reeves of Garfield avenue will be hostess.

DOCTOR'S TIP ENDS COLD CAUGHT IN OFFICE DRAFT

Quick, Tempting Way to Stop
Head Cold, Cough, Chest Cold
Now Used by Many Here

Numbers of New Castle people have found that colds can be ended quickly—often in a few hours—by a method that is temptingly pleasant to use. And doctors have certified this as the best of different widely used methods tested for head colds, coughs and chest colds—even in extreme hospital cases.

Mrs. Leland E. Marston, for example, was treated for a severe head and chest cold caught while working for hours in a "draft" office. Just a few pleasant doses of Ayer's Cherry Pectoral, her doctor reports, gave surprisingly quick relief. By night she had overcome the disagreeable "weepee" stage of her cold and in the morning her fever was gone. Examination next day showed that this hospital certified medication had removed all traces of the cold.

Cases reported daily in this paper are all certified by the attending physician. They show that Ayer's Pectoral is ideal for home use among

adults and children. That's why leading New Castle druggists guarantee quick, sure relief or prompt refund of the small cost.

SCIENCE FIGHTS ON

PSITTACOSIS, or parrot fever, has spread to many sections of the United States since making its first appearance during the Christmas season, but it is not prevalent enough to cause serious alarm.

At present the medical world is almost helpless in its fight against the disease, which has resulted in 16 or more deaths in this country and is reported to be even more prevalent in some other countries. But science is on the trail of the germ and can be depended upon to isolate it and find a cure for the disease.

Two scientists have already sacrificed their lives in the search for the germ and some protection against it. These deaths are examples of the quiet courage and self-sacrifice often found among men of science and which accomplish much for humanity.

This conquest of disease is an endless task. No sooner is the fight against one disease won than a new germ introduces itself and the battle must begin all over again. Safely past the diseases of youth, the individual must be protected against those of middle and old age. The old plagues and epidemics are driven out only to have their places taken by the flu and psittacosis. The situation is at once disheartening and heartening, for while the end of the fight is not in sight there is ample evidence of progress.

THEODORE SHUEY'S RECORD

Public life in the United States affords many instances of long and useful careers, but even more interesting cases are to be found among those public servants who cannot be said to be in public life as that phase is applied to political leaders.

Perhaps the most interesting example of the latter is the career of Theodore F. Shuey, official reporter of senate debates, whose eighty-fifth birthday anniversary a few days ago was officially remembered by the senate. He had served the senate 61 continuous years without missing a single day of any session.

His remarkable career bridges that long and eventful period from the Civil War reconstruction period to the present. He heard the first messages of President Grant and personally knew Trumbull, Fessenden, Sumner, Zachariah Chandler, John Sherman, Allen G. Thurman and Roscoe Conkling.

His memory is an encyclopedia and history of the politics of the nation for 61 years. Hundreds of volumes of precious archives at Washington are the fruits of his labors.

WHAT WORLD BUYS FROM U. S.

Americans would have a better idea of what the rest of the world thinks of them if they had a better idea of what the rest of the world buys from the United States. Because relatively few Europeans and Asiatics ever set foot on the land of the free, they get their most vivid impressions of American life from the articles with "Made in America" stamped on them.

It is reasonable that the representative citizen here should know less about his country's exports than is known by those remote peoples who buy them. This land is too large and its enterprise too vast for one small citizen to command a complete picture of it all, whereas the buyer in foreign markets sees it laid out before him.

How many Americans know that 25,700,000 false teeth are made here annually for mouths in Europe, Asia, Africa, Latin America and Canada? Or that foreign markets buy \$368,086 worth of erasers from the United States in the course of a year? They make mistakes in other countries than this, it seems.

Exports of rubber bathing caps and toy balloons total \$1,200,000 a year. Even our oyster shells are in demand across the seas. Exportation of phonographs and records is a \$12,000,000 business. Horseshoes are manufactured here mainly to supply foreign markets.

All that the masses of many foreign countries know of the United States and its people is gleaned from these humble subjects. They and not American automobiles and American cotton leave the most lasting impressions.

COLLEGE STUDENTS WHO PAY THEIR OWN WAY

The tale of the college student who pays his own way is not new by any means; but the latest information on this subject shows that it is now being done on a scale that has hitherto been unknown and unappreciated. A survey has just been finished by the National Student Federation. The records of 763 colleges show that 46 per cent of the men and 23 per cent of the women are earning the money to pay for their tuition, and often all their expenses, in this fashion. Over two hundred types of employment are listed by the investigators, who assure us that \$26,000,000 was earned by students of both sexes between July, 1927, and the same month in 1928.

These figures would be almost unbelievable if they were not vouched for by the officials who have conducted this interesting survey. It has often been said that higher education is wasted on many young men and women; but it has a special significance to those who pay for it by hard work. One of the advantages which they have over others is that early in life they understand the value of money. This encourages thrift, and thrift brings many other virtues in its wake. The fact that so many young people should be self-supporting in this particular indicates a thirst for education which speaks well for the future of the country. Those who thus fight their way through college are almost certain to be successful in the great battle of life.

GENERALLY SPEAKING—

You can judge a man's success by the friends he has made.
 You can judge a man's religion by his spirit of good will.
 You cannot estimate people's importance by the number of lodges they belong to.
 You cannot afford to invest in a business you know nothing about.
 You can better afford to trust everybody than trust nobody.
 You can measure the man's education by the studying he does after college.
 You cannot afford to ignore the man who is telling you an unpleasant truth.

Worrying The Burglar.
 Worrying The President.
 Worrying Britain.
 Worrying Christianity.

By ARTHUR G. BRISBANE
 (Copyright, 1930, King Features Syn., Inc.)

Mr. Louis Pierson of New York's Irving Trust company delights in annoying burglars. He built, far underground, below his new 50-story building, a safety vault lined with toughest steel, thick as the ancient walls of Jerusalem. It is the biggest vault in the world except those of our Reserve Bank and the Bank of England.

Now he surrounds his steel walls with a thick layer of water, so that the poor bank burglar even if he did break through the heavy steel would have to do his work in a diving suit, meet awkward for handling dynamite and drills.

Political news deals with an interesting row in the Republican party, a "coalition in the senate" to upset the Republican tariff program.

President Hoover touches the rebellious ones in a weak spot, asking them why they don't work together help business and build prosperity? This government asked "permission" of Great Britain to build one great battleship that would equal the British "Rodney", the greatest battleship in the world.

British authorities said no, and worry. They think we plan to build the greatest of all dreadnaughts, a ship "unsinkable".

There is no such ship, not the faintest danger of our building anything more than first-class targets for airplanes and submarines.

Taxpayers are fortunate that British authorities, to which we voluntarily submit, tell us we can't spend the money.

Russia's atheist newspaper calling itself "Godless One" demands that every church be closed. Promoting anti-church parades by workmen, the "Godless One" demands that the "Cathedral of Our Saviour" in Moscow, Russia's biggest church, be used for workmen's "cultural purposes." There is more "culture" in the vast dome of St. Peter's in Rome than would emerge from all the culture centers that Russia will establish. You can't create culture overnight.

China is not like Russia. Newton Hayes, learned theologian after seventy years of work, is unable to count the gods that China worships. In India 33,339 divinities are worshipped. Ancient Greeks had 30,000. China has many more, and in addition to thousands of idols, worships horses, cows, snakes. Some believe that insects that devour human bodies have supernatural powers.

Among China's divinities there is one supreme God, which is confusing and not very intelligent. But even that is an improvement on a system that says "There is no God."

If Russians really believe, as they pretend, that there is no God, why get so much excited?

Millions of Americans believe that there is no Santa Claus, but they take it calmly, do not forbid children to have their Christmas trees or hang up their stockings.

Gandhi embodies the best definition of a dangerous man—one who "believes every word he says."

Gandhi's present plan in the fight to free India from British control is a campaign of disobedience. Don't obey the law; don't pay taxes; don't sit in the local legislatures; don't do anything.

This worries Britain, for 300,000,000 natives not doing anything that Britain wants done would present a difficult problem.

You can manage a skittish horse, calm a rearing horse, or curb a pulling horse. But a balky horse defies you. Even if you light a fire under him, which you should not do, he may move up a step and burn your wagon.

Two \$50,000 speed boats, each carrying three Liberty motors, with 33 knots speed, will help hunt rum runners in New York waters.

Other fast boats, costing \$250,000, will be put on the lakes to check rum running there.

Automobile makers will spend 15 millions scrapping old cars to clear the way for new cars and moderate the second-hand car nuisance.

R. H. Grant, vice president of General Motors, one of the best salesmen in America, is chairman of the scrapping committee.

Perhaps Mr. Grant could find a way to ship those old cars, knocked down, to foreign countries, China, Africa, anywhere. Ten million old cars scattered over the earth would soon create an appetite for ten million new cars, just as the little car creates a demand for a bigger car.

New York's legislature Tuesday adopted a resolution to send the sympathy of New York's people "to the Christian people of Russia in the terrible hours of their agony, in being denied the right to worship God in their country and the use of their churches, convents, monasteries and schools."

Lenin's "Union of Militant Atheists" Tuesday denounced the "poor's criticism of Russia's attitude on religion" saying "there will come a time when the atheist workers of the entire world will convert the Vatican into a museum."

The World AND THE Mud Puddles

MODERN ARENAS

The Roman Arena was a bloody one, but only so bloody as the spectators, citizens of Rome, desired.

The American public shows how fierce they can be at times and one of these times occurred at the 71st Regiment Armory in New York, recently when Leon Labriola and Jim McMillen wrestled.

The bout began with a good clean scientific wrestling on the part of himself, but his opponent managed to inflict considerable punishment on his ribs, however, and since the referee went no further than to reiterate his feeble warnings, McMillen evidently decided to make it rough and tumble. He already had shown himself a tireless aggressor and he proved equally good as a scrapper.

Resorting at length to a flying tackle, learned in football in Illinois, he knocked Labriola's feet higher than the top rope, seized all of his 210 pounds and bounced it around the mat, and finally pinned his shoulders to the canvas. It was not gentle treatment, but it was highly popular.

During the whirling, bouncing and tossing processes, the crowd went wild. It might have been a gladiatorial contest or a bullfight. It looked and sounded like a bull fight.

"Break his foot!" "Kill him!" "He's suffering now!" "Break his neck!" cried the bloodthirsty McMillen needed no instructions. When he was through Labriola for a time could not get up.

The BALTIMORE SUN (Ind. Dem.) finds logic in the statement in Massachusetts, while the PROVIDENCE JOURNAL (Ind.) says: "The conviction remains that Springfield, Chicago, Northampton and their associated towns have administered another smashing blow at the prohibition cause. The friends of prohibition repeal will take heart by reason of it, and we shall hear, long before the ideas of November, much more concerning the temporary abandonment of party lines by voters who think and feel strongly as to the 18th Amendment and the Volstead Act."

"Mr. Griggs, the Republican nominee," according to the NEW YORK TIMES (Ind.), "is a man of admitted ability. He was a little too clever. A good dry in the Legislature, he knew the district was wet. He wanted to be elected. So he plumped for the repeal of the 18th Amendment. This seemed a rather violent somersault. He mitigated and wobbled." The BOSTON TRANSCRIPT (Ind.) adds that "no political aspirant will try the trick of standing with one foot in a dry bucket and the other in a wet."

THE ST. PAUL PIONEER PRESS (Ind.) comments: "The predominance given the wet issue might very reasonably prompt the conclusion that this district was less eager to draw Republican blood than it was to draw a liquid more suitable for beverage purposes. But the other side of the Republican candidate would have gone along more happily without the generous support and endorsement given him by the Anti-Saloon League and other dry organizations."

"Well, it is a distressing mess," concludes the WORCESTER TELEGRAM (Ind.) "Republican State. Chairman Taylor has been devotedly journeying about the State, exhorting the faithful to forget there is such a thing as a prohibition issue, and stand by their party nominees. In the Second District the estimable Mr. Griggs evidently believed they would do this little thing. He appealed to the dries as one of the even and to the wets as one would vote their way. And there he lies in a crumpled heap at the bottom of the elevator shaft."

"The fact that an avowed 'wet' is preferred in this Republican Gibraltar to a 'moist-arid' candidate," remarks the BIRMINGHAM NEWS (Dem.), "is likely to be interpreted by wets as a rebuff to prohibition. From this judgment that the wets' have won a lasting victory in the Second Massachusetts, this newspaper is inclined to dissent. It would seem that unemployment and dissatisfaction with government policies at Washington—particularly with inept leadership in tariff legislation—is responsible for this Republican reverse."

THE ROANOKE TIMES (Ind. Nevertheless, Republican can consider that a serious handicap has been overcome for them if, when election time arrives next fall, business conditions are satisfactory."

"As a matter of fact," says the RALEIGH NEWS AND OBSERVER (Dem.), "the Democrat elected was openly hostile to the 18th Amendment and the Republican who lost pledged himself to vote to amend it in a wet way. Many voters, most of them dry, stayed away from the election. The TOPEKA DAILY CAPITAL (Rep.) concludes that "it is not likely that the capture of a Massachusetts seat in Congress will cause any great Democratic enthusiasm in favor of going wet again in the next presidential campaign," and offers the explanation: "The result was expected because of the complex chaos of the situation when the Republican candidate, Griggs, announced that he would favor repeal of the 18th Amendment. As the Democratic candidate was notoriously wet, the dries were up against it. They put in nomination a dry candidate on condition, but the only effect of the maneuver was to increase the Democrat's majority."

Various Explanations Given For G. O. P. Loss In Bay State

Election Of Democrat To Congress Linked With Dry Issue, With Hedging By Defeated Candidate, And Business Conditions

Election of a Democratic Representative in Congress from the Second Massachusetts District produces no unanimity of opinion as to the causes. One simple explanation is that the district voted wet. Another is that the Republican candidate, by appealing to both wets and dries, brought condemnation on himself. Some observers believe that business conditions and dissatisfaction with administration achievements produced a weakening of party allegiance.

Declaring that "nothing like the Republican crash has ever happened here before," the SPRINGFIELD REPUBLICAN (Ind.), published in the district, says in the course of its comment: "The public has as much reason for discontent with a party unable to function in legislation, although given heavy majorities in both houses, as it ever had with the same party turning out tariff laws that provoke sectional resentment and popular opposition. But the situation for the Republicans in this district was made worse by far, when their candidate somewhat belatedly tried to play with both sides on the prohibition question."

"As a matter of fact," says the RALEIGH NEWS AND OBSERVER (Dem.), "the Democrat elected was openly hostile to the 18th Amendment and the Republican who lost pledged himself to vote to amend it in a wet way. Many voters, most of them dry, stayed away from the election. The Parent Problem

By GARRY C. MYERS, Ph.D.

Youngsters Better Off Unmolested

God pity the child who has no playmates. Better to have none at all. But, if our children have playmates we are almost sure to have some problems as a consequence.

It is possible for us to control our own children, particularly the younger ones; not so easy to control the conduct of our neighbor's children. When they are in our house we can expect them to abide by the rules of our home. We can send them home when they do not. We can also send them from our yard or lawn. But it is not always expedient to do so. If we arouse their ire they can "get even" and make it miserable for us and for our children. A better way is not to attempt to control our neighbor's children through force, but to do so through tactful guidance and persuasion. Perhaps one of the measures of our success as parents is our skill in dealing with them. As a rule, our own children want us to be thought well of by the children of the neighborhood.

One thing is certain, we cannot successfully discipline other people's children, particularly when they are not on our property. If they actually do impose upon our children, about all we can do is to persuade ours to withdraw or to defend themselves. Nothing is more full of grief than interference with neighborhood quarrels among children.

The trouble with most of us is that we are disposed to assume that our children are always right and other people's children always wrong. We ought to learn that our children are likely to be wrong at times and that although they frequently may be the cause of controversies, it is surprising how well children settle their own troubles when their parents do not.

meddle. When a little child tells another child, "My mothers says I must not play with you," he starts a series of troubles, which may have no end. He also gets a wrong notion about his self-importance.

Most parents are far too much concerned about the bad things their children might learn from their playmates. Our children are pretty safe so long as they play out in the open, where they are well in sight of responsible adults. We prefer that they do not hear "bad" language or have their minds filled with bad ideas.

Nevertheless, if they live with us in a happy home, where they learn to enjoy our company and to have high personal regard for us, where all their questions are frankly answered, and where they feel free to tell us anything, they will observe that there are certain things our family group do not say and certain things we do not do.

No matter how sympathetic with our children we may be we cannot qualify as their constant playmates. Only those of their age are eligible. No guidance can take the place of other children in the education of our own. If we are eager to have our children grow up to learn to give and take, to defend themselves, to get along with other persons they will mingle with in life, to be lovable personalities and useful citizens, we shall do our utmost to encourage them to mingle freely, happily and agreeably with other children of their neighborhood.

Tomorrow: Rewards.

Davies Arranges Good Program For Consistory Dinner

Patriotic Program Will Be Carried Out For Consistory Members And Guests

D. O. Davies, chairman of the entertainment for the Consistory Dinner club Friday evening, has secured an excellent program for the affair. Much of the talent on the program has been secured from out of town and while Mr. Davies is not saying very much about his part of the program it is exceptionally high class and will not fail to please.

Notices of the dinner were mailed a few days ago and from the large number who have already accepted indications are that the crowd will be keeping with that of former events. Following the dinner will be entertainment, cards and dancing. An exceptionally fine orchestra has been secured and those who enjoy this form of amusement are sure to have an exceptionally enjoyable time.

General Chairman Wm. J. Moffatt is looking forward to Friday evening's party with keen interest. It being the day before the anniversary of George Washington's birth the entertainment will be in keeping with this event and will be patriotic throughout.

More Books Of Fiction Read Than Other Types

Librarian Reports Total Circulation Of Books During 1929 As 199,889

Fiction again scores the record for circulation at the New Castle Free Public Library, with a circulation of 85,286, during the year 1929. Juvenile fiction circulation during the past year is set at 66,417, according to the annual report submitted by Miss Alice Sterling, librarian.

The circulation for juvenile non-fiction comes third on the list, 33,008. Literature comes in fourth, with a circulation of 2,659. Close on the heels of Literature comes Useful Arts, a circulation of 2,084. After Literature, biographies were used most, having a circulation of 1,584.

Other types of books and their circulation during 1929 follow:
General literature, 303; philosophy, 943; religion, 898; sociology, 1,173; language, 202; science, 883; fine arts, 1,499; history, 1,225; travel, 1,190 and foreign, 535.

The total circulation was 199,889 and the average daily circulation was 655.

Moderation!

THE FRIEND that prolongs your youth

"Coming events cast their shadows before"

AVOID THAT FUTURE SHADOW*

By refraining from over-indulgence

Men who would keep that trim, proper form, women who prize the modern figure with its subtle, seductive curves—eat healthfully but not immoderately. Banish excessiveness—eliminate abuses. Be moderate—be moderate in all things, even in smoking. When tempted to excess, when your eyes are bigger than your stomach, reach for a **Lucky** instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence if you would maintain that lithe, youthful figure.

Lucky Strike, the finest Cigarette a man ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED."
Everyone knows that heat purifies and so "TOASTING" not only removes impurities but adds to the flavor and improves the taste.

"It's toasted"

Your Throat Protection—against irritation—against cough.

*Be Moderate! . . . Don't jeopardize the modern form by drastic diets, harmful reducing girdles, fake reducing tablets or other quack "anti-fat" remedies condemned by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous nostrums. Be Sensible! Be Moderate! We do not represent that smoking **Lucky Strike** Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a **Lucky**" instead, you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

OH, THESE WOMEN!

By LEOLA ALLARD

From a lady who chokes to call herself "Blue Eyes", comes a letter that fairly cries out for an answer. She is in love with a married man and she herself is married. What to do!

She writes: "I have been married four years now to a man who is kind to a fault, devoted to me and yet I do not love him."

The kind ones often have that luck. "For a year after we married I continued to go to work and that first year I fell in love with a perfectly wonderful man, manager of the office."

That, young lady, was your honeymoon year. How come you got married?

"Marie, How Do You Keep Your Skin so Lovely?"

"That's easy. I just use Resinol Soap as my regular toilet soap every day, and if I have a pimple or any suggestion of a rash or roughness, I put on a little Resinol Ointment and it clears it right up."

Many women whose complexions you admire are using just this treatment. They find that Resinol Soap not only helps to overcome pimples, blackheads, oiliness, etc., but its daily use tends to prevent those conditions. Its clean tonic odor is delightful and its action is so gentle it is agreeable to the most sensitive skins.

They use Resinol Ointment too because it so quickly heals those minor skin irritations which everyone has sometimes, and they find it a soothing dressing for burns, sore corns, chafing, blisters, etc. At all druggists.

Passenger Plane Industry Needs Bolstering Up

(International News Service) WASHINGTON, Feb. 20.—Aviation passenger lines need a helping hand from the government if they are to continue to live. Postmaster Brown told the House post office committee Wednesday.

Brown supported the new Wages

air mail bill to change the basis of payment for air mail from postage to mileage and to allow letting of mail contracts to passenger lines. He urged adoption of the new measure as the only means of relieving an aviation situation which he said was sending many companies to the wall.

Under the Wages bill the government would be authorized to extend mail contracts to companies operating regularly as passenger lines. Brown asserted small contracts let to such companies would in many cases keep them in operation where otherwise they would fail for lack of passengers.

THE QUESTION BOX

CENTRAL PRESS
WASHINGTON BUREAU

Answers to questions on information and fact can be obtained by writing to Central Press Bureau, P. O. Box 126, Washington, D. C., and enclosing a self-addressed, stamped envelope. No answers will be given to marital, medical or legal questions.

"Why," asks W. J. G., "is the index card, which the White House is supposed to keep on each presidential appointee, spoken of as a 'dossier'? What is a 'dossier'?"

"Dossier" (pronounced doo-see-yay) is French. It is the record kept by the French police covering all salient facts in the career of each French citizen, as well as all they can learn concerning aliens in their midst. It does not necessarily imply any special suspicion, on the part of the police, of the dossier's subject, but merely signifies suspicion of everyone, in general principles; that they realize they never can tell when they will want to know all about some particular individual.

What is the state farm at Vandavia (Ill.)? Has Iowa one? If so, where?

The agriculture department knows of no state farm at Vandavia. There is an experimental station at Urbana, connected with the University of Illinois College of Agriculture. There also is an experimental station at Ames, connected with the University of Iowa College of Agriculture.

What makes a plastered house sweat in cold weather? Has the use of natural gas for heating purposes anything to do with it?

According to the bureau of standards, "Probably the large amount of water produced by gas combustion causes this trouble by condensing on the plastered walls because they are cold. It can be remedied by venting the gas combustion's products outside the house, or by insulating the walls so that they remain reasonably warm enough though the outdoor temperature is very low."

Why do birds migrate southward?—despite the fact that some do so that could find the same climate here.

Although climate is not altogether a matter of latitude, generally speaking it is warmer toward the equator and bird instinct evidently is to take no chances. Besides, they may have other reasons we do not understand, just as all the world's fresh water eels head for the Sargasso sea for their mating season; why, no scientist ever has discovered.

Westfield Grange To Present Plays

Home Talent Productions Will
Be Presented Soon In
Grange Hall

At a meeting of Westfield Grange held last Monday, it was announced that the committee would be ready early in March to present the annual season of plays. This makes the fifth season of home talent plays that the Westfield Grange has presented. Last year, the hall was well filled each evening.

The details of the course have not been completed, but they expect to have a season of five plays. The play this year to be given is Cyclone Sally, a play with lots of pep and full of laughs. The Grange has a charge is composed of Sylvia Cameron, John McKee, and Howard Gilmore.

The literary program given in connection with Monday's meeting was quite interesting, the chief topic of discussion being the tax question and the desirability of conducting a grange contest.

Some of the members donated their game boards and these, with the old standby, rook, furnished a most enjoyable evening.

The next meeting on March 3 will be devoted to the poultry question and one of the best programs of the year is looked for.

Drilling Well At Y. M. C. A. Camp

Clean Up Work About Grounds
Expected To Be Started In
Near Future

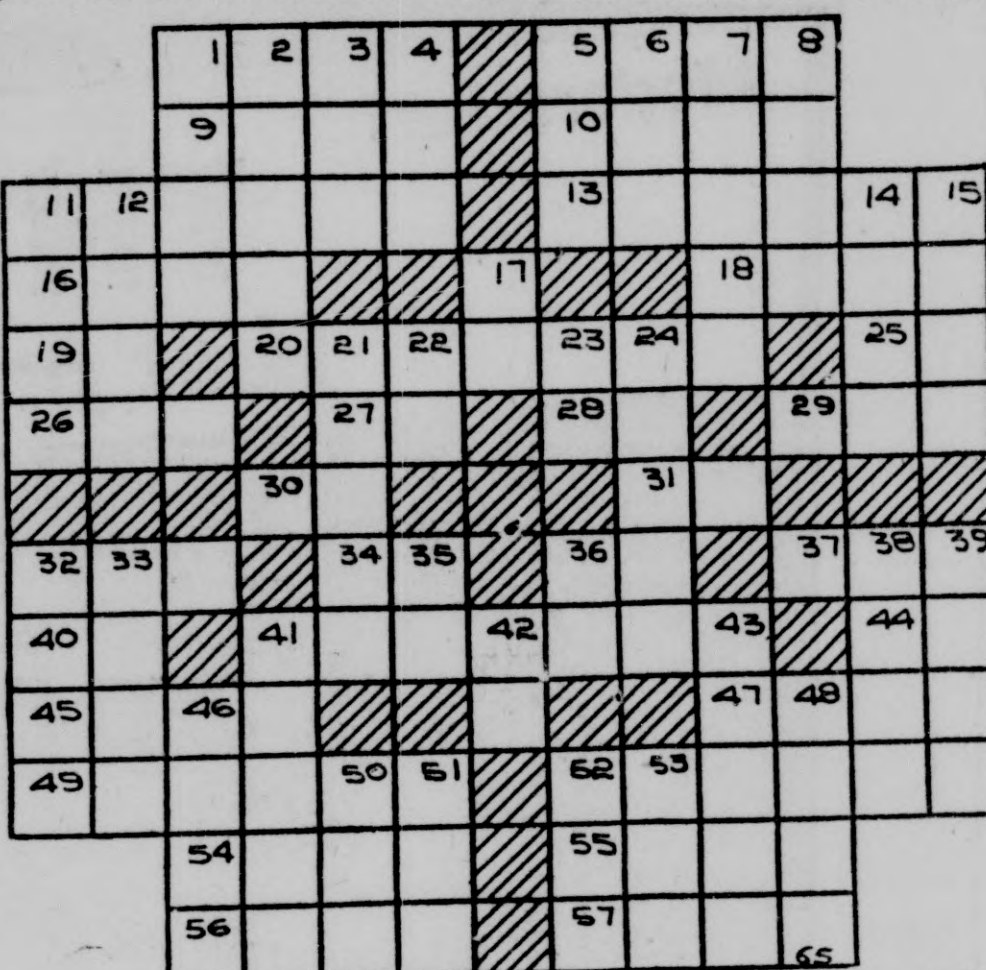

Workmen of the Book Drilling company were drilling a well at the site of the Fred L. Rentz Y. M. C. A. camp, located on the Slippery Rock creek at a point some distance from Harlansburg today. The camp property, including 26 acres of beautiful farmland, was given to the New Castle camp some time ago by F. L. Rentz, president of The News. It has been named in his honor.

The well itself is being drilled at the expense of J. F. Rentz, a member of the Y board.

Secretaries report that the grounds are in fine shape at the present time. On May 1 actual clean up work will be started. Reservations for outings this summer can be secured for the first time at the mothers' and sons' banquet at the Y. M. C. A. on February 28.

Peter's Adventures

"VISIT THE FREAKS!" CRIES
BIFFER

"Hip, hip, hooray!" shrilled all the insects, and flapped their wings and clapped their claws and made a great hullabaloo as Biffer, the Gun Beetle made his announcements. However, Biffer was not through. He had more to tell them.

"Nor is that all you will see at this circus," shrilled the young Gun Beetle. "The Spider family will build a bridge over the brook and when they have spun it sound and strong, Diving Beetle will plunge from the middle!"

At this the insects went into an uproar. Biffer could not make his beetle voice heard above the tumult and shouting. Peter's ears ached with the noise. What could he do to stop it? Peter had an idea. As usual it worked. Peter picked a grass blade and blew long and loud upon it. Startled the insects quieted down. Was anything wrong? Where a second before all had been noisy confusion, now one could have heard a pin drop. Immediately Peter hopped up on the stone beside Biffer.

"Nothing to be afraid of, folks, no danger threatens," cried he. "I made that sound to attract your attention. Biffer has more to say to you but he can't go on unless you listen. When he has finished with his announcement the performance will begin. I'm sure you are all in a hurry for the fun to start, aren't you?"

"We are!" shrilled the insects. "Very well! The quieter you keep, the sooner the circus will start!" cried Biffer. "What is a circus without clowns? Tumble-Bug and Pinch-Bug will make you snicker. And after the show is over be sure to visit the freaks. There is a wonderful collection of them here today. For instance, there's Ant Lion, the only one of its kind in captivity. And Tiger Beetle, who springs up out of the ground like a grass stalk. In the brook, caught in a Spider's Web, lies the Dragon of the Pool, terror of the Water People. Walking Sticks, the thinnest insect ever seen, Fat Lady Spider and Measuring Worm—you must be sure to view them! Now's your chance of a lifetime!"

Next, "Warned to Keep the Peace."

Thank Goodness! He Exclaimed My Last Pound of Fat Is Gone

It Will Never Come Back While
"That Kruschen Feeling"
Lasts

"A year ago I was 30 pounds overweight—I was fat and no one knew it better than my own indolent self. I was told of lots of drugging ways to get rid of it, but I would not sacrifice my health for the sake of losing weight."

"To tell the truth I was getting lazy—didn't have much energy—and very little ambition."

"Just then I heard so many good things about Kruschen Salts, that I started to take them and never missed a morning."

"Well! In a couple of weeks I commenced to feel like doing some-

thing and in six weeks I was as active as I ever was in my life—that tired, indolent feeling left me and has never come back."

"But that's not all! My energy is like a youth's—I get up in the morning thoroughly refreshed after a sound sleep and am ready and anxious to get to work."

"It's a great feeling, 'that Kruschen feeling'—as if I never got tired. I can walk for miles and enjoy every mile of it."

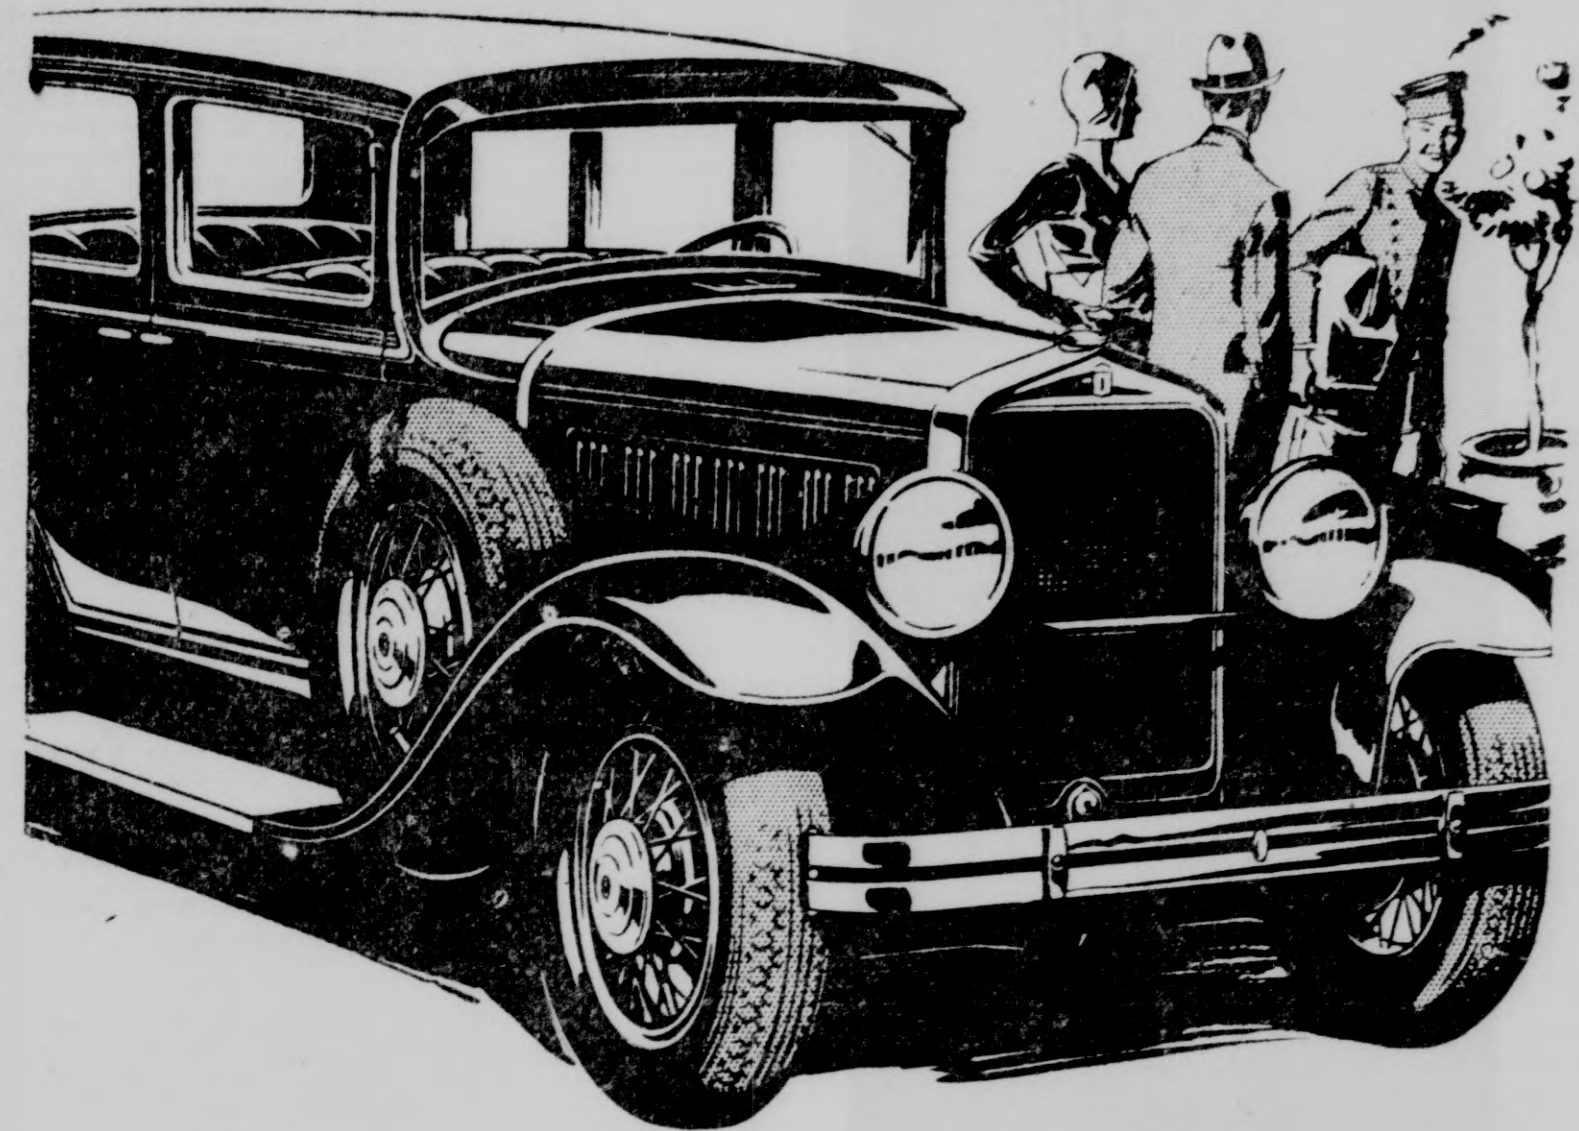

"That's how my fat left me—fat cannot exist long when a man active, energetic, ambitious and full of joy of living. But I haven't stopped taking Kruschen Salts, not for one day. I would rather go without my breakfast than my Kruschen."

Kruschen is six salts—not just one—these salts act on stomach, liver, bowels and kidneys and soon keep pure, fresh blood coursing thru the veins—a jar that will last a week costs but 80c at Eckert's of New Castle, Inc., and druggists the world over.

It's the little daily dose that does it.

Coolidge's Arrive At Rentz's Hotel Out In Los Angeles, Calif.

Telling of the arrival at the same hotel at which he is stopping in Los Angeles, California, of former President Calvin Coolidge, of his visit to Mrs. McPherson's Temple, and of a large number of former New Castle and Lawrence County folks he has met in California, the following interesting letter from Fred L. Rentz, President of The News Company, now in California, is presented:

San Diego, Cal., Feb. 17, 1930.
George W. Conway, Esq.,
Editor The News,
New Castle, Pa.

Dear George:
Ex-President Calvin Coolidge and his wife came into Los Angeles about 9:30 this morning. A crowd of several thousand people were in and around the Biltmore when they arrived. I was standing in the lobby talking to Elsie Orr, a former New Castleite, when they arrived, but we did not see them as they arrived by the carriage entrance.

If they want to see me I am on the sixth floor and they can call. They pay more attention out here to ex-residents than they do to ex-mayors.

You know I have always had a curiosity to visit Angelus Temple, presided over by Mrs. Almee McPherson. Well, on last Wednesday evening Mrs. Rentz and myself got on a vulgar street car and went out there.

She has a wonderful place. The main auditorium seats 5,300. What they call the School Auditorium seats 2,500. The Prayer Room seats 500. The prayer room is a small room in

the tower where prayer is had continually day and night seven days in the week.

Guides are at hand to show visitors and explain everything during the day.

The McPherson home joins the temple and is quite pretentious.

The visit was very interesting and we talked about it to several New Castle people here and some expressed a desire to go and see the Temple.

Mrs. Laura Linton made arrangements through Miss Harriet Jordan, a former New Castle young lady and a daughter of Rev. Jordan, who preached at the First Presbyterian church in New Castle, and who is employed by Mrs. McPherson, to get reserved seats for a New Castle party for last Saturday night. Miss Margaret Jordan a sister is also here in Los Angeles, but is only a member of the church and not employed there.

The New Castle party went out Saturday evening and consisted of Mrs. Walter Leslie of Pueblo, Col., formerly of New Castle, Mrs. Carrie Baldwin, Mrs. Lela Dickson Carson and Mrs. Rentz and myself. When we got out to the temple we were met by the Misses Jordan and conducted to reserved seats about five rows from the altar.

A Jewish evangelist named Armin A. Holzer preached, as did also Mrs. McPherson. Mrs. McPherson is a beautiful woman and when she appeared in the temple the great audience rose and applauded. She came down a walk about six feet wide which leads from the galleries to the altar. Every member calls Mrs. McPherson "Sister."

A choir of 250 voices was there also. About three hundred people answered the invitation to join the church and they all went in front of the altar and knelt for half an hour or more.

After this part of the ceremony a healing service was held under the direction of Mrs. McPherson and it was spectacular to us. About 100 went out of the temple to be cured.

Quite a few were carried on the stage and walked away from it.

One girl about 18 years old, who, it was said had never spoken a word or heard anything, after being prayed for by Mrs. McPherson, was able to say "Jesus" so the audience could hear her and she acted as if she was hearing what was said.

On the other hand some dropped on the floor evidently exhausted by the excitement.

Many said they felt better after

they had been prayed with by Mrs. McPherson and her army of enthusiastic attendants.

Most all the young women dress in white and wear long blue capes. They also wear white collars on the outside of the neck of the capes. They make quite a striking appearance. The men mostly wear small black bow ties. The women also wear black four-in-hand ties with their costumes.

Believe it or not, but when that five thousand people rise to their feet with their right hand pointing towards heaven and they are standing there with their faces up either praying in subdued tones or singing some sentimental evangelistic hymn, any ordinary sinner is going to take notice.

I have seen religious revivals that were stirring, but I have never seen the earnestness displayed by the members of Angelus Temple.

And Mrs. McPherson, the beautiful in face and form is standing at the altar directing with a wonderful voice this vast gathering of people who would apparently die for her.

The New Castle party had the pleasure of meeting her and talking with her after the services.

All we have to say about Mrs. McPherson is that any one who can do the things she is doing out here deserves a lot of credit.

On Sunday evening at 6 o'clock as we drove by the Temple at least three thousand people were waiting for the doors to open at 7:30, and this in spite of the fact that a double collection had been advertised for that evening.

I feel that I should say something about the testimonials given by some of the members at the meeting.

The first was by a fine looking big man, an American, who is a Divinity student. He told of the wonderful help he had received in his studies by attending the Bible school and services in the Temple. It was a dignified and refined testimonial.

The next one to speak was a woman who weighed about 200 pounds, red-faced and muscular looking. She told how bad she had been, was a stealer, liar and everything and she said she had even robbed the priest when she was at confession. She was happy now and had paid back all she had stolen and joined the Temple.

A man who said he was a Los Angeles policeman, testified. He told what a bad egg he had been and had also been sick besides. He had been cured of his physical ills and was also a member of the Temple and all thought that was fine for a Los Angeles cop.

On Sunday morning we went to the Macmen's Bible Class with Percy MacNab at the First Presbyterian church at Hollywood. The pastor of this church is a wonderful man and was a class mate of my dear friend Dr. Walter E. McClure of the First Presbyterian church in New Castle. We also remained to hear him preach in his wonderful church. So you see we have been going some when it comes to churches.

There are two Pennsylvania societies here now. It seems some are registering as Republicans and voting the Democratic ticket at the general election, just like they do back home in Pennsylvania. One of the factions held a picnic at Sycamore Grove on last Sunday afternoon and Mr. and Mrs. Percy MacNab and their daughter Louise took us out to the picnic. The reason this place is called Sycamore Grove is because it is full of sycamore trees. Queen, isn't it?

The different counties in the state have their own sycamore tree and a register is tacked on each tree so when you want to see anyone from Lawrence county you go to the Lawrence county tree and you generally see them standing around the tree after they have written their names on the register. We saw the following names on the register, from Lawrence county:

John H. Stoddard, C. J. Dickson, Mrs. Walter Stark, nee Irene Dickson, Ethel Henderson, Moravia and New Castle, Mrs. J. H. Stoddard, Gertrude Stoddard, John Colnot, A. P. Grant, Alfreda Grant, Mrs. K. D. Martin, J. Eliza Martin, Percy P. MacNab, Louise Love MacNab, Mrs. P. P. MacNab, Grayburn Martin, E. S. Washington, Anna Charles, Mr. and Mrs. Tom (Tillis) Hammond and son Bobbie, Mr. and Mrs. David I. Sankey, Dr. Fred Ewens, Mr. and Mrs. Fred L. Rentz.

Mrs. Margaret Rice and her daughter Margaret and Mrs. Charles Beazel of New Castle are at the Trinity Hotel. We call on them a few evenings ago.

Mrs. Maude McCreary, who lives in New Castle some years ago lives here and called on us today. Her brother, Carl Moore lives in New Castle.

Joe Clark, Jr., was at this hotel

to a dance on Saturday evening and spied us while we were going through the lobby. We were glad to see him. Joe only weighs about 200 pounds now and will be quite a boy when he grows up.

It is terribly hot here and everybody is complaining about the terrible heat. It is so unusual as they say in California.

On Wednesday morning of last week about 9:30 we were on our way to the station to go to Hollywood. We met Mrs. Laura Linton and while standing talking to her along came Capt. C. Lee Horner. When he found out we were going to Hollywood he hotfooted for his silk lined limousine and took us there. On the way we stopped at the home of C. O. Sweet, whose wife was Harriet Dunlap, daughter of Mr. and Mrs. Harry Dunlap. Pa and Ma Dunlap were both there and we visited for a short time. While we were there Mrs. Harry G. Euwer and her three-year-old daughter came in. From there we went to the Horner home where we saw Mrs. Horner and the two kiddies, the older one being in school.

From where I am sitting writing this I see a large electric sign which reads "Temple Baptist Church." It is just across the street from this hotel. Dr. John Snape, formerly of the First Baptist church in New Castle preaches in this church. In the lobby of the building is a life sized picture of Dr. Snape in a frame sitting on an easel. Dr. Snape was the first preacher to ever use display space advertising his church services in The News in New Castle. He used a full column every Saturday. I think he paid us a dollar a week for it. Every preacher in New Castle could afford to use a column now if he could get it at that price. Naturally we have always felt very kindly towards Dr. Snape who is one of our dearest friends in the ministry.

Mrs. Laura Linton of New Castle and Mrs. Ida Marquis Hamilton of Los Angeles, and Mrs. Lela Dickson Carson of San Diego called on us on Wednesday evening of last week.

At the meeting of the Los Angeles Rotary club there were more visitors present from various parts of this country and foreign countries than there were members of the club present.

I attended a meeting of the Lions Club at San Diego while I was there and a member of the club, Thomas C. Wilson, told me he was born in Enon Valley and was well acquainted in Lawrence county. He had left there many years ago. He is going back this summer and look things over and see his relatives. That Lions club was a lively organization. It was the first Lions club meeting I had attended since becoming a Lion.

I saw a chap with a coat of arms on his automobile yesterday. This gave me an idea of what my father's long handled shovel, pick and buck saw hanging in the garage. This is going to be made into a coat of arms for me when I get back home. Lots of people will not be able to figure out what those things mean either.

I have an idea there are birds who would send their enemies parrots just now—if the parrots did not cost so much. You Sabe?

A sign on a store here reads "A Sale For People Who Have Cash." That surely is plain enough for any person to understand.

Jack Dempsey sat in the chair right next to me Saturday morning in the Biltmore barber shop. I did not say anything to him. I had my picture taken with him at Atlantic City a few days before he fought Carpenter. L. B. Mather had his taken with him also at that time. Bet Dempsey has forgotten all about that. The picture is hanging on the wall in my office in The News office right now.

I have been invited to stop off in Chicago for a week's shooting on my way home. Maybe I had better go home by the way of Canada.

This must be a pretty good city. So far no bootlegger has asked me to buy his wares. I have had them ask me to buy in Grove City, New Wilmington and all other places I have been in. I am surprised and as I did not want any of their laughing water or panther sweat. I am also pleased to know in some places I do not look as if I was a customer.

Yours for New Railroad Stations, New Court House and Everything New Castle needs.

FRED L. RENTZ.

Coughs

Active, frisky little bodies—bubbling with stored-up energy—heedless of cold—indifferent to small discomforts—it seems incredible that they should ever tire—or lose zest for play—or become a prey to any kind of germ.

Yet how easily even these same healthy, resilient little bodies are exhausted by a cough! How quickly they lose weight—their rosy color leaves them.

That is why mothers are so fearful of a cough. For coughing uses up their youngsters' energy more quickly than almost any other bodily exertion.

And doctors advise: Check Coughs At The Start. Don't Let Them Waken You. Pertussin brings quick relief because

it gets at the inside cause, loosens the phlegm, soothes the irritation and quiets the cough, yet it is entirely harmless. That's why it's safe for Pertussin.

Unlike many other cough remedies, it contains no dope or harmful drugs. Doctors have prescribed Pertussin more often than any other advertised cough remedy.

NEVER TOO TIRED! Don't let a cough hang on. Keep a bottle of Pertussin handy at all times. It will bring prompt and safe relief for the coughs of every member of the family. It will not disturb digestion or upset the stomach. Sold by all druggists.

Two Suits Filed As Result Of Auto Accident

Mrs. Jennie Fisher And Mrs. Mary McKnight Each Ask \$2000 From George Meyer

Calvin Fisher and his wife, Jennie Fisher of East Brook, have filed a suit at the prothonotary's office against George Meyer of this city, in which they ask \$2000 damages for Mrs. Fisher for injuries received in an automobile accident on the Harlansburg road. In the statement of claim it is alleged that Mr. Fisher was driving down a hill about one mile east of Harlansburg when Meyer, who was behind, sounded his horn to pass. Fisher says that the car pulled out as far as he could on the concrete, but in passing Meyer's car struck him and hurled him against a guard rail. Mrs. Fisher who was in the back seat was thrown violently against the front seat, sustaining injuries and shock which laid her up for some time. It is claimed that the accident was the result of carelessness on the part of Meyer, whom, it is alleged, was driving at a high rate of speed. Mary McKnight, who was also in the back seat of the Fisher car with Mrs. Fisher, was also thrown against the front seat, sustaining severe injuries. She has also filed a separate suit against Meyer in which she demands \$2000 damages.

Taft's Condition Is Satisfactory

WASHINGTON, Feb. 20.—Further progress was reported today in Ex-Chief Justice Taft's condition. The physicians' bulletin at noon said: "The condition of the former Chief Justice is a little more satisfactory this morning." For the past three days the bulletins have stated only that there was "no change" in his condition. Justice Taft is still too ill, however, to receive visitors. His successor on the bench, Charles Evans Hughes, called at the residence to pay his respects but was not allowed to see the patient.

Reading a headline, "House Looted, Radio Gone," we take it that the robbery was not reported by the neighbors.

If you are NOT yourself

Are you being denied the happiness that is due you in life?

It is easy to abuse our golden life-given body. But Nature has a way of signaling danger. If heeded, graver troubles may be avoided. That tired, exhausted feeling, lack of appetite, aches and pains, flabby flesh, skin troubles—all speak of a body weakness—a lack of the normal count of red-blood-cells.

Every normal person's blood should contain about 5,000,000 red corpuscles to the cubic millimeter—those vitalizing, tiny red-cells which give blood its color and are carriers of nourishment to every part of the body. It is dangerous to let the red blood count remain below normal.

With an increase in the red-blood-cells, you will be on the right road to Health. This is Nature's way to body power and to clear skin. Naturally, with your strength restored, it is easier to fight disease and infection; to enjoy your food and to sleep soundly. When firm flesh takes the place of that which was once flabby, you will feel strong—your nerves will become steady—more happiness and friends will follow.

S.S.S. has been a blessing to millions of people. It helps Nature increase the red-blood-cells. It promotes healthy body building. It is time-tested and has a successful record of over 100 years back of it. You owe it to yourself to try S.S.S. It is easily assimilated. Pleasant to take. It is on sale at all drug stores in two sizes. Ask for the larger size. It is more economical.

City Engineer To Revise Plans

State Department Wants City To Conform More To State Plans

City Engineer Frank Miller today stated that plans and specifications for the repaving of Croton avenue, Grant street and Butler avenue have been returned to the city of New Castle with a request that in preparing them that the city conform more to the state program of repaving than to the city's program.

Miller said that T. C. Frame, district engineer, visited New Castle yesterday and the proposed improvements were discussed.

When council convenes Friday, Mr. Miller will acquaint the councilmen with the desires of the state and he said that they probably would be granted.

In preparing the plans and specifications, Mr. Miller and assistant Harry Hoskins prepared them along lines in use by the city.

Over Thousand Books Withdrawn From Library

During 1929, 1,120 Books Are Withdrawn And 5,570 Books Are Added

One thousand, one hundred twenty books were worn out and discarded from the New Castle, free public library, during the year 1929, states the annual report issued by the librarian. Number of books lost in circulation was 239 and 365 were missing in inventory.

PUBLISH RECORD OF AGRICULTURAL TEST INSTITUTE

(International News Service) NEW HAVEN, Conn., Feb. 20.—A record of the Connecticut Agricultural Experiment Station, the first agricultural research institution in the country, for the past fifty years, 1877-1927 has been published, the compilation of Dr. E. H. Jenkins, director emeritus.

Many of the changes that have remade agriculture in the last half century can be traced to discoveries and investigations of the station. It was founded in 1875.

Among chemists the world over, the station is known for the work of Dr. Thomas B. Osborn, whose studies in the vegetable proteins are classics in biochemistry and form a basis for much of the modern science of nutrition. He died a year ago, not long after retirement from active laboratory work.

Methods which revolutionized the breeding of corn, America's most valuable plant, were developed at the station by Dr. Donald P. Jones and the growing of shade tobacco in Connecticut, now a large agricultural product, was first an experiment project at the station.

Dr. Jenkins, author of the book, came to the experiment station in 1879.

Rehearsals On For Benefit Show

Rehearsals are now in full blast for the big benefit show to be given March 13-14 at the Cathedral for the benefit of the Jameson Memorial hospital. The show will include a fine program of minstrel numbers, also a big revue, the like of which has never been attempted in an amateur production before.

There will be more than 60 of New Castle's finest and prettiest girls participate in the revue.

GUARDIAN APPOINTED FOR RAILROAD MAN

Poor directors of Lawrence county were this morning appointed guardian for Lawrence McMichael, whose sole income is a pension of \$12.50, which he receives from the Pittsburgh and Lake Erie Company, having formerly been a railroad man in the employ of the company.

Bladder Troubles Bother Many Past 40

Seven Out of Ten Are Victims But Writer Tells How "Uratabs" Bring Swift, Amazing Relief With Renewed Vital Force

"No one knows better than I, the horror of joyless days and sleepless nights. There have been times when I felt hopeless and helpless—and when my weakness caused me the most intense humiliation. Only those who have gone through such tortures can possibly realize my great satisfaction when Dr. Southworth's URATABS brought me quick relief. URATABS are truly wonderful, and I give them full praise." Such amazing evidence serves as convincing proof of the power of URATABS to relieve those distressing ailments so often a handicap to those in middle life.

Overworked, sluggish kidneys, and Bladder Weakness, brings on so many distressing ailments which so often lead to serious diseases that every sufferer from Lameeness, Pains in back and down through groins, scanty but frequent urination, "Getting-up-Nights," Nervous Irritability and Lack of Force—should try the amazing value of Dr. Southworth's URATABS at once! Eckerd's or any good drugstore will supply you on a guarantee of satisfaction or money back.

Its age is a private matter

It is very difficult to discover, by its appearance, how old a Lincoln is. Lincoln believes in making automobiles so beautiful that they are always modern—so durable that they simply won't wear out. The age of a Lincoln is no one's concern—least of all its owner's. On the boulevards a Lincoln of last season and the newest model share honors equally with Lincolns years older than either.

So fine is this car that a year or so of use does not perceptibly detract from any of its splendid qualities. Lincoln owners are often men who can, and do, provide the best professional care for their cars. Sometimes such well-kept cars are available at very attractive prices from Lincoln dealers. The wisdom of investing in such a motor car is quite evident, and shrewd buyers are quick to take advantage of the opportunity.

A few such Lincolns are now to be seen on our floor. Every one is in perfect mechanical condition. We are always glad to demonstrate them to you, without the slightest obligation. Drop in today.

Crowds lined the streets to greet the former chief executive and his wife on their arrival in the coast metropolis.

Invite Lewis To Attend Banquet

State Treasurer Is Requested To Speak At Sportsmen's Banquet

Efforts are being made to have State Treasurer Sam Lewis address Lawrence County Sportsmen association when the members hold their annual banquet March 20, according to announcement today. Ross Leffler, president of the Pennsylvania Game commission will be included among the spokesmen.

Recently members convened at the office of O. H. F. Green and made nominations for the March election to cover the ensuing year.

Since then it has been decided to have Ross Leffler and if possible State Treasurer Lewis address the sportsmen.

There will be a meeting of the banquet committee tonight at Green's office for the purpose of completing plans for the affair.

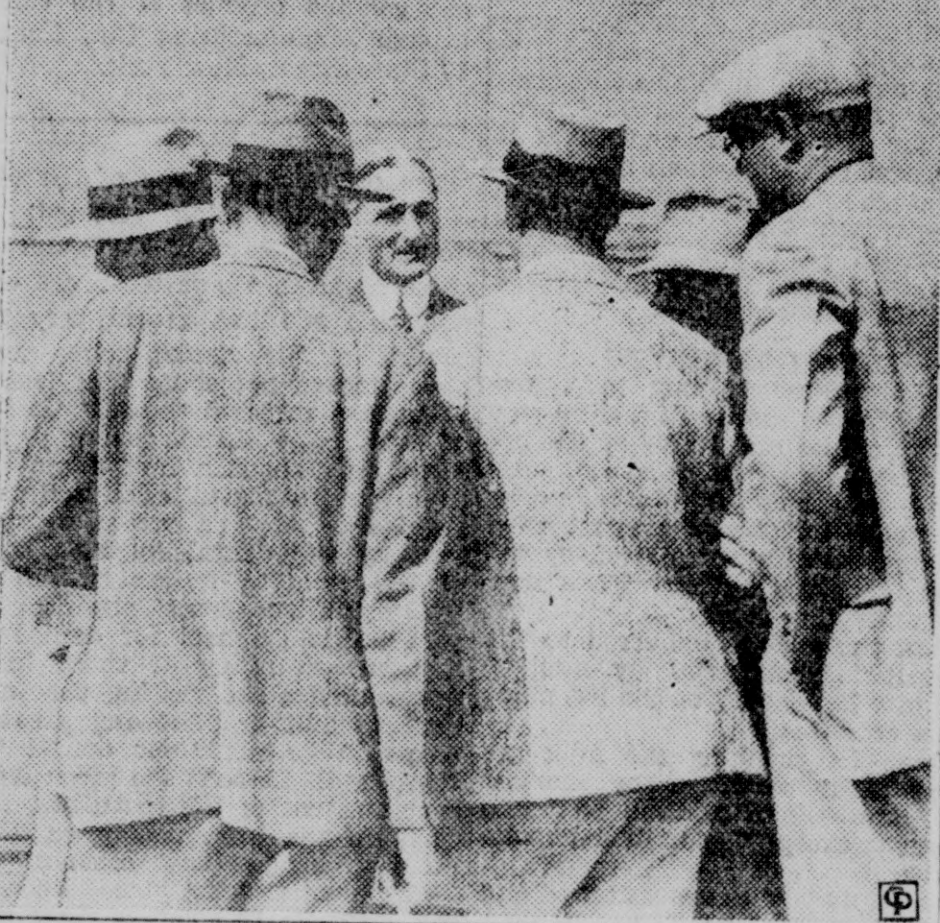

Children Saved By Heroic Mother

(International News Service) NEW KENSINGTON, Pa., Feb. 20.—Undaunted by leaping flames which formed a blazing curtain between her safety, Mrs. Charles Conley dashed to the bedroom where her two children slept here today and carried them to safety.

One of the children, Mary, 4, was burned on the right arm as her mother rushed her past the wall of fire, while Anna Mae, 6 months of age, came through unscathed.

The fire, believed to have originated from coals in a kitchen stove, did damage to the Conley home estimated at \$1,500.

McADOO BREAKS HIS RETIREMENT

It has been a long time since newspaper men have gotten a chance to interview or photograph William Gibbs McAdoo, former secretary of the treasury and son-in-law of the late Woodrow Wilson. This photo shows them clustering around him when he sailed for Hawaii from Los Angeles, their first opportunity in months to get a story from him. Twenty years ago McAdoo purchased a ticket to Hawaii but press of political and commercial cares has kept him from making the trip until now.

FLORISTS AT BIG YOUNGSTOWN MEETING

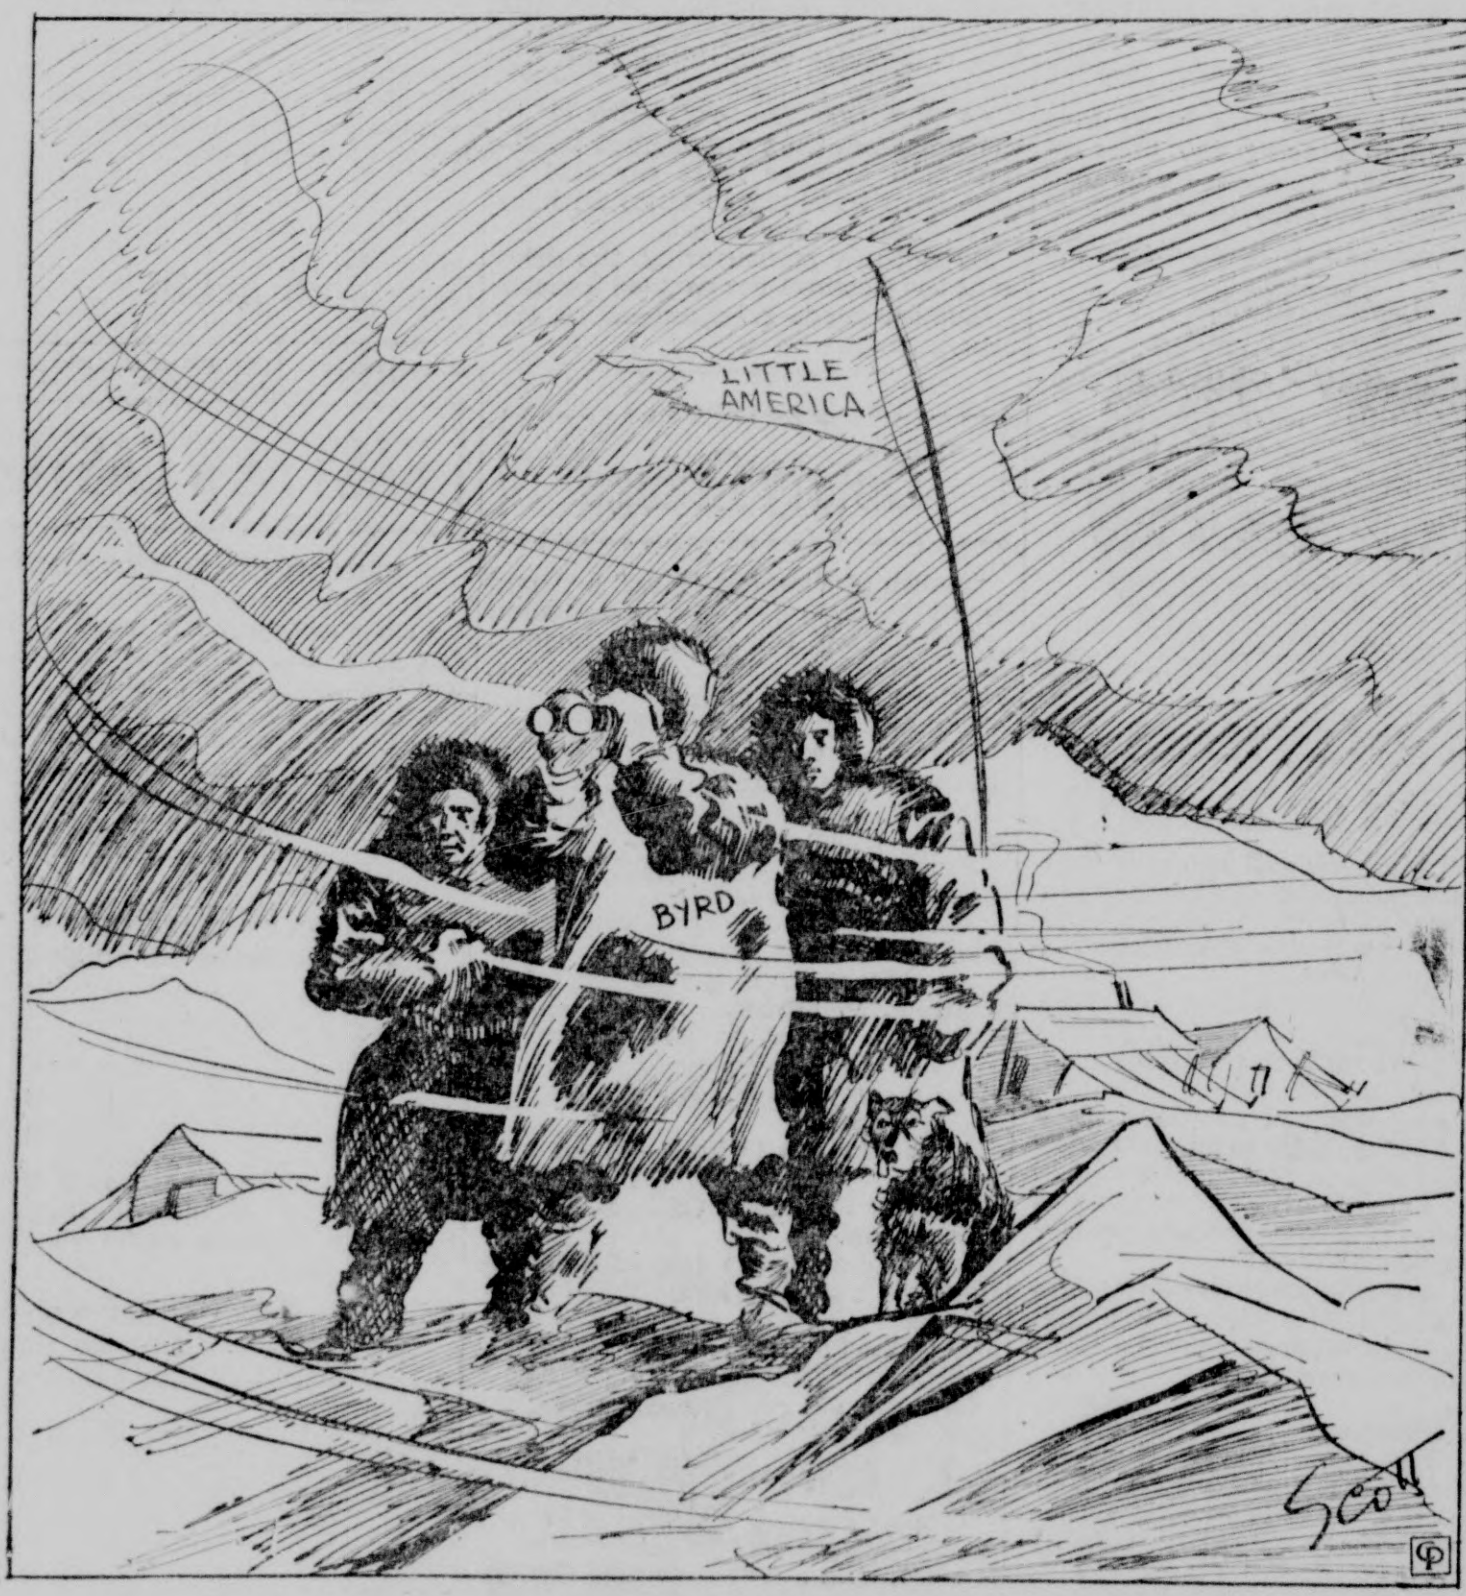

Messrs Charles McGrath, Thomas J. Cunningham and Lee Houk of this city were in Youngstown last evening attending the meeting held by the Youngstown unit of the Florists Telegraph Delivery held at the Tod House. Much of the evening was spent in suggesting ways and means of making the Cleveland flower show a huge success. There was also the matter of greater cooperation among those interested in the floral business.

LOSES POCKETBOOK, THE POLICE HEAR

Nellie Gorgassi, 2337 West 27th street, Pittsburgh, Pa., reported to the police last night that she lost her Cordova pocketbook some place between the P. & L. E. station and the east side. She got off the P. & L. E. train and missed it after arriving at her destination. The pocketbook contained her driver's license, a number of valuable papers and \$37 in bills.

WAITING

Merchandise

AFTER all is said and done, the final measure of a store is its merchandise. The reputation of Higgins is established on the unvarying high standard of its wares for over 42 years of retailing.

"Seconds", "Salesman Samples", etc., are not sold at any time in any part of the store. It is committed unreservedly to a policy of first quality at all times.

Manufacturer's mistakes, distress merchandise and bankrupt stocks—the basis of most sale merchandise—have no place here.

It is our policy to be first with the NEW and to have at all times a strong line of standard merchandise—the merchandise of practically every famous maker is in our stocks.

Competition is aggressively met in all lines and Higgins prices are invariably low.

—More than 300,000 transactions last year—all of which goes to prove that Quality Merchandise at the right prices appeal to the right people.

New Methods In Geography As Taught At Pollock School Broadens pupils

Dramatic Expression Has Big Influence In Welfare As Well As Education

The Pollock avenue school, situated on the corner of Pollock avenue and Home street, was built about 1905 and contains 12 classrooms and one portable.

Here there are 13 teachers, with an enrollment of 588 for the first semester, an average of 44 to each teacher.

The platoon system is also found here, and here, also, according to our nationality chart, we find 86 per cent of our children are of Italian parentage. There is no kindergarten at this place. Some interesting facts in connection with the work at this school are presented by Principal James M. Hughes.

Geography as It Is Taught in Our School

Geography is no longer taught in our schools as a process of memorizing abstract facts, as boundary lines and mere locations, with the expectation, usually futile, of turning out

"walking gazeteers or a perambulating atlas." We are more and more looking upon geography as a study of the earth and as the home of man.

Facts must be learned, but they are taught concretely. By showing the people at work making a living in the country in which they live, the facts about that country are most easily learned and naturally remembered.

Some point of contact can always be discovered to proceed from the known to the unknown, as pictures, advertising exhibits, stories or physical map observation for comparisons. Discussions bring up problems, the solving of which awakens the initiative and develops the thinking power of the pupils.

Hand work is used in desk and blackboard outline maps, graphs, posters and sand tables. Interest in current events is encouraged by having a bulletin board for which pupils may bring in pictures and articles from newspapers and magazines relating to the work covered. Lantern slides obtained from railroad companies and the state museum must prove an effective method of visual education.

The expression, or dramatization department of the platoon school is an aid to the pupil's study of geography in the many plays and pageants depicting the life and customs of distant lands.

Our more recent acquisition, the school library provides both recreational and informational reading in the literature and stories of other lands and in the reference books.

EXPRESSION

At this school, where with few exceptions the children come from homes in which the foreign tongue is spoken exclusively, the department of dramatic expression forms a network of influence so important that it embraces not only the educational activity of the child, but his welfare as a social being and a worthwhile citizen as well.

However, the process in achieving

these results is one of persistent and deliberate effort. Foreign speaking children generally speak English with an accent which they have retained from their native tongue. The initial activity is drill in speech correction in order to overcome this and other speech defects detrimental to pure and correct English speech. In this process the work reaches out to the department of English, where the burden becomes somewhat lighter for the pupil as well as the teacher.

Reading can be taught more quickly and with greater interest through dramatic form. To act a story the child must get a mental picture and the more complete these pictures the better his reading will be.

Not only does dramatic expression improve reading, but it creates a desire to read. The best books and poems reflect true experiences, high standards, great heroes and fine ideals. Since children unconsciously dramatize the stories and poems they love, is there a finer channel of appeal than that of dramatization to introduce to them the appreciation of poetry and the books they should read? With the love of books, the problem of a child's leisure time arrives at its own solution and the library period which is now a part of every school program takes on a new zest and an eager spirit.

Through dramatization history which is a part of the past becomes an integral of the living present.

Plays of other countries, folk dances and folk lore are links connecting the expression work with the study of geography.

Different ages in history and the various countries in geography depict a certain costume and a characteristic music and the appreciation of music and art is given due regard. The expression classes also cooperate with the instructors of health. Time and again plays are presented in which the principles of health teaching are presented and emphasized.

Not only does the work of the classes in expression find its way into every department of the school, but into the very fiber of the child's existence.

When children are given the opportunity to use all these powers of expression they gain that freedom which makes for development of the whole being. The timid child achieves power over self and an enlarged understanding of life comes over him. There is a development of self-confidence and self-control which enables a child to speak with ease, facility and force whether it be before an audience or in conversation. The evolves in the pupil a spirit of co-operation and a power to assume initiative and leadership. He becomes a social being by active participation in social affairs. There is built in him the foundation of good citizenship by the setting forth of ideals of healthy and moral living.

In view of what has been written, one may scarcely deny the important role which expression plays in the school, especially in such a school as ours.

ART

Art is one of the most practical and interesting subjects of all those taught in the public school. Through art lessons that are carefully graded and planned the child learns much about the value of neatness. He has an opportunity to express his own ideas and originality. He learns general principles of color and design that he can use all his life.

The art work done in the New Castle schools is carefully planned by the art supervisor, Miss Salomon. All grades are working on the same type of problem at the same time, each grade as it is more advanced

from the first grade doing more advanced and more detailed work.

One month the work is painting of flower and leaf forms, and designs based on flower and leaf forms. Another month is set aside for commercial design. During that month lettering is learned and applied. The posters made are advertisements of local dealers' wares, and we use the merchants' names as a means of making the lettering lessons practical and to bring the lessons nearer home.

This month's work is costume design. Boys and girls alike are studying general principles of correct lines and colors used in dress.

Just at the time when our homes are being brightened and renovated for the summer the children of the New Castle schools will be studying interior and exterior decoration.

Children enjoy this type of work. They take great pride in pointing out to their classmates work which they have done that has been posted on the wall for its workmanship. They like to see their ideas being built up before their eyes.

For all of the children in our schools art is the key that unlocks the door to the beautiful things we have about us. To learn to appreciate beauty is to store up a life full of happy moments.

DEVELOPING INDIVIDUAL RESPONSIBILITY

Many pupils in the sixth grade subscribe for an English periodical. This work is entirely in the hands of the children. The secretary lists the names of the subscribers and credits them with any payment they make toward the cost of the paper.

The leaflet is placed in a loose-leaf holder where each weekly publication is filed for future reference. A child distributes these to the owners weekly. The owner's name is plainly written on each cover.

The current leaflet is passed to the children by another child who has stores them for safekeeping until the following week.

DAILY ATTENDANCE RECORD

When school has commenced a child already designated checks over the class to note any absences. If any, he lists the names and addresses on the "Daily Attendance Slip" provided for the purpose and takes it to the next room to which it belongs. He also places a check over on the teacher's desk listing the pupils who are absent. This child has access to the attendance form and the card file of the class record.

MILK COMMITTEE

Pupils wishing to buy milk give their order and money to a child who lists the names and totals of the order. The number of bottles of milk wanted and the total of the money in payment for the milk is recorded on a form sent into the room by the health teacher, together with a note for change due, if any.

When the milk is delivered to the room, it is distributed by another child who has a copy of the list made by the secretary.

Straws for drinking the milk are passed in a container by another child, who allows only one of each straw except the individual who will use it.

The empty bottles are gathered and deposited outside the classroom door by another student.

Each one of these operations is done without the least disturbance to the class at any time.

HEALTH

Probably the most important feature of the health work in Pollock school and the one stressed most by the health teachers is that of cleanliness. Every morning as each class enters its home room a careful examination is made by members of the class who are known as "health officers". Faces, necks, ears, hands, arms, finger nails and hair all receive careful attention. A check is made as to the number of clean handkerchiefs and as to the condition of the clothing with regard to neatness and cleanliness. A record of the percentage of cleanliness is kept on a blackboard in the hall and at the end of each week a star is given to each class that can show a record of one hundred per cent for the week. A daily report of the condition of each class is made to the health teachers. Every Monday in the health department a careful inspection is made by the health teachers themselves to determine what has been done over the weekend by each child in the way of a complete bath and a complete change of clothing. The results are very gratifying. Only a very small number fail to pass this rigid inspection and great pride is taken by the majority in their personal appearance.

Very good work is also being done by the children along the lines of dental hygiene. Teeth are examined several times weekly and the importance of cleanliness is stressed.

"Healthy babies get life's best breaks," say experts

The first few years of the child's life—those are the important, formative years when his physique (as well as his habits) gets "set." Those are the years when you want to protect his health in every way. Have a doctor look after him regularly.

And in between times, no matter how healthy he appears, be prepared for little emergencies. "Vaseline" Petroleum Jelly will be a big help. It is the approved first aid for chafed skin, sunburn, minor cuts, scalds, burns and bruises.

Use it in baby's regular bath routine, too. After you dry him apply a little to prevent chapping. His nostrils should be gently cleaned with sterile cotton swabs dipped in "Vaseline" Petroleum Jelly.

A separate supply of "Vaseline" Jelly should be kept for the baby, ready for instant application. Sold everywhere in tubes and bottles. And remember when you buy that the trademark Vaseline on the label is your assurance that you are getting the genuine product of the Chesebrough Manufacturing Co., Cons'd, 17 State Street, New York.

tance of the right care of the teeth is continually being stressed. An honor roll is kept of the names of those children whose teeth are clean and this roll has grown very fast. Several of the classes being almost one hundred per cent. The last examination revealed the fact that out of eight large classes in one department only about a half dozen children were failing to brush their teeth regularly. After a recent examination by the dental hygienist many of the children in grades one and two visited the dental clinic in Lincoln-Garfield school for dental correction and many of those in the upper grades are visiting the family dentists and are showing great interest in getting their dental work completed. Lessons are given on the care and use of the tooth brush and early in the term nearly all of the children bought new brushes.

Emphasis is being placed upon correct posture. Silhouettes showing excellent, good, poor and bad standing positions are posted in the health department and the children take pleasure in picking out the pictures they like the best and learning to stand in that position. Instruction is given in correct posture in sitting, standing and walking and corrective exercises are an important part of the health program. These exercises are for the most part given in a sitting position on benches to give maximum assistance in the correction of postural defects. Emphasis is placed on abdominal, low back and foot exercises.

Last week the children were weighed and measured for the first time in the new semester and their attention called to the facts of growth and gain or loss in weight. An effort is being made by those who are underweight to bring their weight up to standard.

Coolidges Saved From Motor Wreck By Good Driving

LOS ANGELES, Cal., Feb. 20. — A skilful driver Wednesday saved the automobile in which Mr. and Mrs. Calvin Coolidge were riding from being struck by a "speeder."

As the Coolidge car, enroute to the Breakfast Club, approached an intersection another large car said to have been traveling 50-miles an hour flashed across the street.

By skilfully maneuvering, the driver of the Coolidge car avoided a crash. Coolidge made no comment on the near-mishap.

Highway Patrolmen Apprehend Booze Car

Beck And Rosenwary Arrest
Two People Bringing
Booze From Ohio

TO BE PROSECUTED
BY STATE POLICE

James Dunlap and Lillian Jones, colored, Campbell, O., are in the Lawrence county jail awaiting prosecution by state police on the charge of transporting liquor growing out of apprehension last night by Corporal Beck and Private Rosenwary of the Pennsylvania highway patrol.

It appears from the story of the highway patrol that Dunlap and Miss Jones are residents of Campbell, O., and that they started for this city last night with 35 gallons of liquor, a 38 Special revolver, a razor and a butcher knife.

The automobile reached a point near the Bradford field, along the New Castle-Bedford highway, where it was stopped by Rosenwary and Beck who were armed with revolvers and checking headlights. During the examination the man and woman became mighty nervous.

This attracted the attention of the state highway patrolmen and they looked into the car and it resulted in a liquor exposure. They were brought to the city and the patrolmen followed highway patrol's procedure of turning them over to state police for prosecution.

Many Residents Seeking Census Absentee Blanks

Indications Point To A Number Of People Being Absent During Enumeration

Many requests have been made for special blanks which are furnished residents who expect to be absent during the 1930 census enumeration. Director of the Census Orville Brown stated this morning.

All persons who are intending to be absent from the city during the month of April are asked to procure these blanks, so that the census will be most complete in every respect.

Plans are now going forward here for the annual enumeration and census enumerators are being chosen for the work. The census of business, which will precede the enumeration of the population, is now being taken in many districts and will be gotten under way here as soon as the forms arrive for this purpose.

Byrd Expedition Heads Homeward

(International News Service)
NEW YORK, Feb. 20.—Rear Admiral Richard E. Byrd and his Antarctic expedition is on the way back to the United States.
The New York Times and newspa-

pers affiliated with it in publishing reports from Admiral Byrd's expedition announced last night that the expedition's ship, The City of New York, reached the Byrd camp in the Bay of Whales yesterday; camp was broken soon after and the party sailed on the City of New York about 4:30 o'clock, New York time, yesterday afternoon.

Four U.S. Girls Wanted To Wed Speed Driver

Sir Henry Segrave Besieged
By Beauties After
Notable Event

FACT HE'S MARRIED
IS NO BARRIER

By KINGSBURY SMITH
International News Service Staff
Correspondent

LONDON, Feb. 20.—Four proposals of marriage from American girls were received by Sir Henry Segrave, Britain's speed king, after he had captured the world's land speed record last year by driving his 1,000-horse-powered Golden Arrow racer along the sands of Daytona Beach at 231 miles an hour.

When he told one of these ladies, who had proposed to him in person, that he was married, she replied, "Oh, my dear, that does not make the slightest difference. I have all the money in the world. I will buy her off and send her away."

This incident and other reminiscences of his visit to America were revealed for the first time by Sir Henry at a dinner of the Authors' Club here.

Referring to the official welcome tendered him by the Mayor Walker on his arrival in New York, Sir Henry said, "Out of the kindness of his heart, the Mayor did the worst possible thing—he arranged a civic reception."

"We went to the City Hall and faced a complete range of cameras. Realizing I was an Englishman, Mayor Walker said, 'I know that you have never done this kind of thing before so I will help you. When you get to the bottom of the steps with one foot on the pavement and the other on the third step, look towards the Woolworth Building. It does not matter whether you have seen it before or not. I will point it out, only you must register surprise.'"

"Then there was the movie, a veritable invention of the devil. As we approached it Mayor Walker said to me, 'Take a line from me, boy. I have an election to fight. Now you say you knew me in England, and that in England I am regarded as the greatest Mayor that ever was.' And I did."

"Later that evening there arrived at my hotel a case of the most important stuff. It was rank poison—but it was meant kindly."

"Recalling his visit to the White House, Sir Henry said that, accompanied by Sir Esme Howard, the British Ambassador whom he had just met, he was shown into the President's room."

"Sir Esme, walking over to the President's desk, said, 'How do you do, Mr. Hoover. This is Mr. Segrave—Mr. Segrave, I whispered. 'Oh yes, Mr. Segrave; he drives motor cars—rather fast.' The President gave me rather a sour look and said, 'Is that so?'"

Sir Henry said that the first time he ever moved quickly was when he was wounded with a bayonet in the war. He had been told, with others, to jump into a German trench which was believed to have been abandoned. Unfortunately that trench was full of Germans and having been in it for about a minute, he decided to clamber out. A German prodded him lustily from behind. "No one ever did a hundred yards as quickly as I did then," Segrave concluded.

47 Years' Practice Taught Dr. Caldwell

Many things
about Men
and Women

DR. CALDWELL loved people. He studied the habits of his patients and tried to improve their ways of living. His observations over a long period of time convinced him many people were ruining their health by a careless choice of laxatives. Then he determined to write a prescription which would get at the cause of constipation and correct it quickly and safely.

How successful his efforts were is best shown by the fact that the prescription he wrote back in 1885 has become the world's most popular laxative! He prescribed a mixture of herbs and other pure ingredients now known as Dr. Caldwell's Syrup Pepsin, in thousands of cases where bad breath, coated tongue, gas, headaches, biliousness, and lack of appetite, or coryza showed him that the bowels

Sealer W. A. Brown Charges Violation Of Coal Ordinance

W. N. Trusell Is Fined In Two Cases Brought Before Alderman Mantz

W. N. Trusell entered a plea of guilty before Alderman Mantz today on a charge of selling coal short weight and also of having violated the recent city ordinance, requiring coal haulers to deliver to customers the original weight bill.

Information was made by Sealer of Weights and Measure, W. A. Brown. It was claimed by Brown that Trusell had purchased two tons of coal from the Penn Coal and Supply Company, which he had delivered to the McCoy Motor Company. When the delivery was made, instead of giving the weigh bill from the Penn Coal and Supply Company, it is claimed that Trusell made out a weigh bill on his own blanks which he gave to the McCoy Company.

When sealer Brown learned of the weigh bill he checked the coal and found it about 300 pounds short, according to his statement. Trusell

claimed that a mistake had been made. Alderman Mantz imposed a fine of \$20 and costs on the first charge and \$10 and costs on the second.

Expect Report Of Planners Sessions

As Head Of Parks System Genkiner Vitialy Interested In Meetings

With the return of Louis Genkiner, Harry Hoskins and Matthew Gunton a report of the proceedings at the city planning commissions convention at Easton, Pa., will be made to council and some of the plans discussed may be adopted here.

During the past few years the city planning commission has been effective. As superintendent of parks Genkiner is vitally interested in such discussions.

The playgrounds will probably not open until public school sessions are abandoned for the vacation period. However, it will require some time to prepare plans which are thronged daily during the play season.

New England Town Has No Excitement

(International News Service)
CONTOCOCK, N. H., Feb. 20.—The long dreary winter months are almost devoid of excitement in this town. Even the one source of amusement, the lone movie theatre has been closed. Each long day begins and ends with the same monotonous routine of the inhabitants.

To stir up a bit of diversion, the Rev. O. M. Polhemus, pastor of the Methodist church has conceived the idea of making movies in the town and exhibiting them at a local hall.

If the plan is successful Contocock will again boast "movies on Saturday night," and entirely of a home made nature. The scenes will be taken in and about Contocock and in which only natives of the town will participate.

Rev. Polhemus has procured a small movie camera and plans to start the venture by taking pictures of babies on parade, following it with pictures of school and social activities.

THIEVES STEAL

The only one who doesn't realize that he or she has halitosis (unpleasant breath) is the victim. Social ostracism follows. Don't fool yourself that you are always free of halitosis. That is folly. Surveys show 1 person out of 3 is a victim—due to the fact that the mouth is the constant scene of germ activities, some of which result in bad breath.

Keep yourself ever free

Though safe and pleasant, full strength Listerine is an active germicide* which immediately attacks the cause of odors, and then, being a powerful deodorant, destroys the odors themselves.

Reichstag Passes New Liquor Ruling

Reichstag in Germany Takes Another Step In Direction Of Temperance

(International News Service)
BERLIN, Feb. 20.—The economic committee of the Reichstag took another step in the direction of temperance today when it passed a sweeping resolution governing the sale of liquor and tobacco.

The measure would prohibit the sale of "hard liquor" to all persons under 18 years of age, and the sale of all alcoholic beverages as well as tobacco to persons under 16.

Known drunkards would be prohibited from purchasing liquor. The measure threatens severe punishment to saloon-keepers refusing to serve meals to guests unless they also order liquor.

Open House Is Planned By Vets

Tri-County Council Meeting Is Also Projected For March 5th In New Castle

Two important projects were discussed by members of the Harry L. McBride Post of the Veterans of Foreign Wars, at their meeting held last evening in the Legion Home Association Building.

Plans were made for a meeting of the Tri-County council, which includes Mercer, Butler and Lawrence counties, and which will be held in connection with the semi-monthly meeting on March 5th. Representatives from the posts in these three counties will be planned.

An open house celebration is also planned by the post to be held on the evening of March 12th.

Five new members were obligated at the meeting last evening, which was largely attended.

Word was received late yesterday afternoon by Commander Bell from Orville Potter, who underwent an operation in the Walter Reed hospital in Washington, D. C., stating that he had been permitted to set up for a short time yesterday and that he is now getting along nicely.

Endorsement of the minstrel show which will be given by local talent for the benefit of the Jameson Memorial hospital, was made by the post last evening. They expect to co-operate with the committee in charge of staging the event.

SEVENTH WARD NEWS

Five Educational Clubs At Mahoning

Organizations Meet Regularly—Other News Notes Of Seventh Ward

There are five club organizations this semester at Mahoning school. These clubs are educational organizations and are a great help to pupils of the school.

There is a debating club, this is sponsored by Mr. Brown. The first semester of the term was the first time for a club of this kind at this school. The clubs meet every two weeks and at the meetings of this club questions were argued by the club members. This is just one of these clubs. The others are, an Air-Club, club, sponsored by Mr. Leach. This group made a number of airplanes and one or two Zeppelins the first semester.

A nature study club sponsored by Miss Hodil is another. This club has an enjoyable time studying birds, flowers, trees, etc. Miss Anna Benson is sponsor of a Craft club, handicraft of various kinds is the particular work of this club. A Travel club is the fifth club and is sponsored by Miss Geneva Flemming. Members of this club made a number of excursions to various parts of the city the first semester and also one trip to Pittsburgh to the museum there. The pupils like these organizations and they must be up in their studies to be members of them.

HIS STOMACH ULCERS HEALED

M. H. Ramstead, a Wisconsin business man, reports that he secured a simple home treatment which quickly healed him of stomach ulcers, gas, pains, indigestion and constipation after many years of suffering. He says he was so bad he was put on a strict diet, had begun to lose weight and could not get a good night's sleep. Now though years have passed, he still is in the best of health and can eat anything he wants. Mr. Ramstead is so grateful for his own recovery that he wants every sufferer to try this splendid treatment without cost or obligation. If you suffer, just send your name and address to M. H. Ramstead, Dept. 724, Box 925, Milwaukee, Wisc. He will tell you all about his own experiences and send you a full size \$1.00 treatment free. Write him today.—Adv.

Enthusiasm Shown In Benefit Bridge For Memorial Park

Expect Large Crowd At Bridge Party And Fashion Show On February 25th

Keen enthusiasm is being shown by New Castle residents in the benefit bridge and style show which will be held Tuesday evening, February 25th in the New Castle Dry Goods Co. building for the benefit of the Memorial Park project.

Land for the park has been commenced by the city and will be purchased at an early date by council. Members of the Ways and Means Committee and the Welfare Committee of the Woman's Club, who are sponsoring the movement, are hopeful that purchase of the land will be made at an early date, so that the work of improving the grounds can be commenced as soon as the weather is favorable.

Tickets have been placed on sale at Snyder's piano store and at the New Castle Dry Goods Co., and already a great number of tickets have been disposed of.

Mrs. David Jameson, who with her husband and daughter, were responsible for the magnificent gift of the hospital to the citizens of New Castle, is heartily in accord with the plan to create a Memorial Park on the land across from the entrance to the hospital and has expressed her appreciation of the interest shown by the members of the Woman's club in the project.

Rev. P. C. Pearson Uses New Prayer Book

Congregation Well Pleased With The Book Of Common Prayer Recently Adopted

Many members of the congregation of Trinity church have expressed to the Rector, The Rev. Philip C. Pearson, their interest in the new edition of the Book of Common Prayer according to the revision completed at the general convention of 1928, after 15 years of labor. They are finding it is the most up-to-date book of Christian devotion for public worship in any language. These same people have emphasized their appreciation of the interpretation of the meaning of

the changes which the Rector has been giving at the services in the church on the last Sundays and have asked him to continue them at such times as he may think best. They assert these expiations have helped them in the daily application of Christianity and furnished a technique, ways and means, for every day prayer, the restoration of the family altar in a special way.

Mr. Pearson, always glad to know of the constructive thoughts of the people, will discuss some new and little known applications of Christianity to every day experience next Sunday morning as emphasized and drawn attention to in the new prayer book.

NEW YORK, Feb. 20.—Brother Sandstrom, of Scranton, Pa., writes to inquire if I'd call a man who got his education from Doc Elliot's Five-Foot Shelf "A Shelf-Made Man."

RUDY'S BOOK

With the example of "Tex" Guinan and Peggy Joyce fresh in his mind, Rudy Vallee, The King of Croon, has snatched a few minutes a day from a busy existence swapping the saxophone, the baton and the megaphone for the pen. His Ought-to-Buy-O-graphy, "Vagabond Dreams Come True," is to be published March 1 by E. P. Dutton, in a specially signed and numbered edition limited to 299 copies, ten bucks a throw.

In limiting his Sweetheart List to 298, fondly do we hope, fervently do we pray that the Yodler for Yeast wasn't thinking of "Tex" Guinan's 300.

"There are always," observed Marie Louise Guinan, "at any one given time, at least 300 suckers loose on Broadway!"

'S SO
Old Doc Charlie Potter, the humanist, climbs to the housetop, lies down on his stomach, crawls to the edge of the parapet, sticks his head over and cupping both hands to his rosebud lips hurls this message to The-Man-in-the-Ford:

"Many people live and die without ever having met themselves." The Doc says that as if it were really too bad, whereas, it's a darned good thing.

It's what a man doesn't know about himself that keeps him going. A little retrospection is good for the soul, in that it usually begets engaging modesty. But where introspection is carried to the extreme, where it may be said of a man that he really and truly knows himself, morbidity results and the next step

is the nerve specialist and then the rest cure. Beware of pigeon-toed thinking.

A MEMORY, INDEED!

Back in 1905 when they were rebuilding the Casino theater after the fire, Jake Wolff, who ran the safe there, wrapped a bottle of Old Overholt in champagne straw and placed it into one of the auditorium pillars. When they began recently the work of demolishing the old show house, Jake remembered the quart of rye he had sequestered and armed with a removal permit from Washington strolled over to where the vandalism was underway. And there, sure enough, in the pillar where he had tucked away a quarter of a century ago, lay the bottle of "accursed stuff," three-quarters full. Old Father Time had swigged the other quarter.

"And this is the stuff," said Jake to Ye Reporter. "It was ten years old when I laid it away 25 years back. But don't take my word for it. Shut your eyes, swallow slowly and go around the rest of your life with something really worth bragging about."

Memories!

REMEMBER 'EM?

I said to The Duchess, the other night: "I wonder whatever happened to Eugene Kelly, you never hear about her any more."

"Why," said I, "she was the young lady who years ago married Al Davis."

"And Al Davis," queried the Duchess, dipping a macaroon in her creme de menthe, "who is Al Davis?"

"You don't mean to tell me," said I, "that you don't recall the first husband of Bonnie Glass?"

"Not only that," murmured the Duchess, with the faintest hint of hauteur, "but I don't even know who Bonnie Glass is."

"Lissen, Duchess," said I. "I love every corner of your blond bean; but if you come back, after I've told you

that Bonnie Glass was the third wife of Ben Ali Haggin, and ask me who Ben Ali Haggin was—
Sometimes I wonder if I didn't make a mistake in saying "Yes" when the Duchess proposed to me.

YOUR INCOME TAX

NO. 21

Income includes gains realized by the sale of a single piece of property as well as from sales by a person engaged in buying and selling as a business. Ordinarily, gain or loss resulting from the sale of property acquired by purchase after February 28, 1913—the first income tax law applying to individuals—became effective March 1, 1913—is the difference between the cost and the selling price. The gain is income for the year in which received, and can not be prorated through a number of years. For example, a taxpayer bought in 1926 a piece of real estate for \$5,000, which he sold in 1929 for \$7,000. The \$2,000 profit is taxable income for the year 1929.

Profit accrued in individual income before March 1, 1913, is not taxable, even though it was not realized until after that date. The reason is that the constitutional amendment authorizing Congress to tax the income of individuals did not become effective until March 1, 1913.

The revenue act provides that the basis for determining the gain or loss from the sale or other disposition of property acquired by purchase before March 1, 1913, shall be the cost of such property or the fair market value as of March 1, 1913, whichever is greater. For example, a taxpayer bought in 1910 property for which he paid \$10,000. The value on March 1, 1913, was \$12,000. He sold it in 1929 for \$14,000. The March 1, 1913, value being greater than the cost of the property, the taxable gain is figured on that basis, and amounts to \$2,000.

A taxpayer bought in 1910 property for which he paid \$5,000. Its value on March 1, 1913, was \$5,500, and in 1929 he sold it for \$4,000. In this example the taxpayer bases his loss on the March 1, 1913, value, which was greater than the cost, and the deductible loss is \$1,500.

Salvation Army Will Hold Its Meeting Tonight In Baptist Church

REV. H. L. JOHNSON

In order to accommodate the greatly increased congregation that have been attending each evening of the evangelistic services now being conducted here under the auspices of the Salvation Army by Rev. Mark Smith, arrangements have been completed by Ensign V. Thomsen, officer in charge here, for larger quarters for this evening's meeting.

The Sabbath School auditorium of the First Baptist church, corner North and East streets, has been secured and the services will be of a special nature. Rev. H. L. Johnson of the Simpson M. E. Church will assist in the service with the Simpson Orchestra of twenty-five pieces which recently played over the Oil City Radio station WLBW from the Franklin Tabernacle.

Requests have been received from various communities for them to fill engagements, which however, had to be abandoned because members of the orchestra are of school age. Rev. Mark Smith, the evangelist will speak at the opening of the service, which is at 7:30 p. m.

Police Report Confession To Eight Murders

(International News Service)
DETROIT, Feb. 20.—James Baker, 25, formerly New York, labeled by police as a murder-maniac, and wanted in several cities for murder, today confessed, according to authorities to eight poison slayings in various parts of the world.

Baker was arrested last night as a robbery-suspect in a lonely farmhouse near here where, it was said by police, he had been in hiding for nearly a year.

A pistol with eight notches carved in the butt was found. Each notch represented a murder. It was said.

Prayer In Congress

The house met at 12 o'clock noon and was called to order by the speaker.

The chaplain, Rev. James Shera Montgomery, D. D., offered the following prayer:

Gracious God, be with us yet, lest we forget. With us the years rush on and we must make haste, but Thou dwellest in the eternities and in the boundlessness of Thine estate. Thou art infinitely more than human thought can conceive. Thou knowest, Father, how little we understand in saying it, for it so transcends every measure we have on earth. We praise Thee for this truth, that wherever we are there is the wonder-working power of Thy goodness. O in the light, joy, and bounty of Thy love we would not cease to give Thee thanks. Overall sorrow, all troubles, all disappointments, and all labors sustain us with a sense of Thy great wisdom and Thy all-inclusive mercy. We pray in the name of the world's Redeemer. Amen.

Rev. W. C. Tyrrell To Speak On Revivals

Rev. W. C. Tyrrell, pastor of the Primitive Methodist church is planning to preach two effective and interesting sermons on "Revival" Sunday, February 23.

At the morning service his theme will be "What Sort of a Revival Do We Need?" for as he says, there are a lot of different kinds of revivals. Sunday evening, March 2, at the evening

service he will speak on "The Real Results of a True Revival." Is it not more than special meetings or adding to the membership of a church that denotes a real revival? Would there not be Pentecostal results? Rev. Tyrrell's Sunday evening service will follow up his last week's results.

Jack White Writes About Seeing Bull Fight At Juarez

Enroute to Phoenix, Arizona, for a few months stay, Jack White, son of City Solicitor R. M. White of this city, stopped over at El Paso, Texas, and made a trip across the boundary line into Juarez, Mexico. While there he took in the great Mexican pastime, a bull fight, and writes his impressions of the spectacle, in the following letter to The News:

February 16, 1930.

Dear Sir:

It is the custom in Mexico for the butcher to hang a red flag over his door when he has fresh meat. Well, the red flags are out in Juarez today for in the bull ring was held the first bull fight of the season.

Bart Richards saw a lot in Juarez and about sized that town up right but he sure lost out when he didn't see a bull fight.

About 1:30 we left the hotel for Juarez. The fight was not scheduled to begin till 3:15 so we walked around the town a bit. One thing you can say for that place is they have a well dressed police force. They are all clean cut looking chaps too. It's hard to keep from getting them confused with the generals from the army though.

About an hour before the fight time

the village band paraded down the main street. It got rather disgusting standing in the streets and watching all the beggars and such, so our party went into the bull arena.

It's hard to describe the crowd. It was something like what you see in a big league ball park. The only difference being that they did all their yelling in Spanish and that they sold beer and whiskey instead of pop and ice cream. There were a great many Mexicans but a large percentage of the crowd were American tourists. Most people consider the day of the wild and woolly west to be past but cartridge belts and pearl handled six shooters in bright colored holsters were much in evidence.

That is an actual fact. It was well described by a slightly hilarious gentleman on my right when he said "look at that bay window full of bullets." There were a few men dressed in the approved western fashion who looked as though they had stepped out of a movie like "Rio Rita". A native beside me explained that they were customs officers.

After the usual delay about starting during which time the crowd whistled and yelled for the show to commence, the officers arrived. They are five in

number and sit on a platform at the top of the arena. With them is a bugler who announces the fights.

The persons engaged in the fight with the bull are seven in number. There is one matador who is the leading man in the show. Next are four Banderilleros and two Picadores. They are all dressed in the brilliant costumes which everyone has seen in pictures.

The arena is circular with four exits. Each of these has a fence in front of it large enough for a man to get behind. There were four bulls killed, two matadors alternating in the fights. The first was Ricardo Gonzalez and the second E. Maldonado Tato.

As the bull rushes into the arena a barb is stuck in his back bearing two ribbons. The creatures are certainly fierce looking. The banderilleros and the matador engage the bull with their brilliant capes. You have to hand it to them for their skill. One slip would mean almost certain death. Once in a while one of them has to run for a retorted entrance or vault the fence.

At a blast of the bugle the two picadores ride in on horses which are blindfolded and protected by padding fastened around them. This is a recent innovation due to the fact that people were beginning to be disgusted with seeing helpless horses go to death. The picador carries a long spear. He makes the bull charge him and then he drives the spear into its back. Quite often the bull upsets horse and rider and it takes quick work to draw his attention from them.

Next three of the banderilleros take two short spears each. These are called banderillas. They have barbs points on them and wrapped in brilliant colored paper. The banderillero causes the bull to charge him and as it does he drives these spears into its back, stepping aside as he does so.

Then comes the time for the matador. Holding a sword behind a red cloth he makes the bull charge him until he can drive the sword into its body. Gonzalez had a trick of having the bull charge him and then he would hold his hand in front of its head. Every time the animal stopped dead still Gonzalez holding his hands on its horns. They were mighty nasty looking ones too.

After the matador gets the sword in the bull the banderilleros try to pull it out and that sure is risky business. Finally when the bull falls a banderillero steps forward and cuts its jugular vein. Then a team of horses drag the bull from the arena and they start too.

It is not such a disgusting affair as you would believe, but after all it's terribly childish and after you have seen one you will not have any desire to see another. In fact, you will be ready to leave by the time the first bull is slain.

If everyone could be in Juarez just one day and see all these things they would begin to realize they had a lot to be thankful for. With over 100 open saloons and no respect for the Sabbath day, Juarez is certainly a good example of how bad a town can be.

You breathe a lot easier when you have crossed the bridge to El Paso.

Since I was down here in El Paso I went to see a bull fight out of curiosity but I've seen enough to last me a few years anyhow.

I might add that the dead bulls are used to feed the prisoners in the jail which Bart Richards has already described to you.

Sincerely yours,
JACK WHITE.

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing

elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

New Castle Man Freed Of Blame

Myron Consa Absolved Of
Blame In Fatal Auto Accident
On Night Of January 19th

At a hearing before Justice of the Peace John Finnegan of Midland, yesterday, on a charge of involuntary manslaughter, growing out of the death of his brother-in-law, Frank Craig, near Midland, a month ago, Myron Consa of New Castle, was absolved of all blame and discharged.

Consa and Craig, also of New Castle were driving in the direction of the Beaver Valley on the night of January 19, when they struck an interurban street car near Midland, and as a result of the crash, Craig died instantly and Consa was slightly injured.

Consa was arrested after the accident but was released temporarily on his own recognizance that he might make funeral arrangements for his brother-in-law, in New Castle.

A coroner's jury recommended that he be held for further questioning and a charge of involuntary manslaughter was placed against him. His hearing yesterday absolved him of all blame in the affair and he was released from further questioning.

Bob Lowe And Kid Nichols Recall Memories Of Charley Bennett, Famous Ball Player

Mrs. Sara Kyte, of 225 Park avenue, has called to the attention of The News, a recent clipping from a Detroit newspaper, which has reference to Charley Bennett, a world famous baseball player. Bennett was a New Castle man and played with the old Neshannock ball team, in 1874.

The article in the Detroit paper is an interview with Kid Nichols, an old time pitcher, and Bobby Lowe, who was also a New Castle man and a member of the Neshannock ball team, and later a national leaguer.

"Charley Bennett was more than a catcher to me," said Nichols. "He was my benefactor, idol and inspiration. What a man he was. No player ever showed more bravery. In all the time I pitched to him he never once met an emergency by signalling me for an intentional pass. I loved him for his courage as much as for his ability and all around manliness."

To Charley Bennett, Nichols attributes his success.

"One seldom meets two such outstanding stars of the period when our dads and grandads were fans, in one afternoon, as Kid Nichols and Bob Lowe," according to Mrs. Kyte's clipping. "The latter maintains, with a twinkle in his kindly eyes, that Bob Lowe was named after him."

Whether this is true or not, he deserved such a distinction, for he was one of the finest infielders and hitters that ever played ball.

Bob is an inspector for the Detroit Department of Public Works and still student and ardent patron of baseball. He was a second baseman for

the Tigers from 1900 to 1908, coming from Boston, where he had been a teammate of Kid Nichols. He was a pivot man at Boston, in one of the most wonderful infields ever organized. While a member of the Beaneaters, Lowe established a batting record never equaled since. He had four home runs and a single in five consecutive at bat in a single game.

Charley Bennett, Bob Lowe (some know him as Link Lowe) and Joe Quest, all members of the old Neshannock ball team, later became national league players and were known from coast to coast. Lowe is one of the four remaining members of the Neshannock.

Chamber Goes On Record Favoring Referendum Here

Committee Meets Wednesday
Night And Favors Referen-
dum All But 15th And 18th

ELLWOOD CITY, Feb. 20.—Members of the Referendum committee of the Chamber of Commerce met Wednesday evening in the Chamber headquarters of the First National Bank building to discuss the Referendum Number 55 of the Reserve Bank system. At the conclusion of a complete discussion they professed themselves thoroughly in favor of the referendum as a whole with the exception of articles 15 and 18.

Those articles read as follows:

15.

To divorce the government from its commanding position at the head of the Reserve Bank System would, in all probability, relegate the institution, either to innocuous desuetude or to the absolute control of the great financial interest of the country, and probably, the world, which would undoubtedly precipitate a universal catastrophe. We know that a benevolent despotism is the best form of government, but when benevolence is eliminated, it then becomes malignant. Let us not consider the establishment of a cancer upon this, thus far, magnificently functioning body.

18.

If such consideration involves the elimination of the Comptroller of the Currency from participation in the deliberations and control of the Federal Reserve Board, it would be better to limit consideration to propositions extending the control of government in the affairs of the board.

Their reason for not voting for the above amendments are as follows: They basely consider the elimination of the government of the United States from participation in the councils and governments of the Federal Reserve board and eliminate a necessary check on the extension of its activities toward complete control of the finances of the world.

The Referendum committee is headed by M. A. Riley, and its members are: Messrs. Ray Aylesworth, W. F. Lege, W. G. Steele and Dr. Heiling.

Women To Observe Lenten Week Here

Members Of The Women's Missionary Society Of Lutheran Church To Observe Week Of Prayer

ELLWOOD CITY, Feb. 20.—At the regular monthly meeting of the Women's Missionary society of the Lutheran church which took place Wednesday evening in the church the 26 members present voted favorably upon the observance of the Lenten week of Self Denial and Prayer for Missions which starts March 10.

The topic of the evening's discussion was "Christianity the Unique Phase" and several interesting papers were read. The leaders were Mrs. Charles Ross, Mrs. H. J. Eicholtz and Mrs. C. D. Ross. Several interesting letters were read from the institutions who received donations of cookies in the recent cookie day, and one letter contained snap-shots of the home and orphans.

Later a social period and lunch were enjoyed by the members, with Mrs. Arthur Dambach, and Mrs. Andrew Zikale as hostesses. Members of the committee to arrange for the Lenten Prayer week are: Miss Ellen Whittaker, Mrs. C. D. Ross and Miss Gladys Blank.

Mrs. Strohecker Is Club Hostess

ELLWOOD CITY, Feb. 20.—Mrs. John Strohecker entertained 24 members of the Polyanna club Wednesday afternoon at her home on Hazel avenue.

The hours passed pleasantly with games and contests, and two special guests, Mrs. Guy Sr. and Mrs. Paul Guy were present. At the conclusion of the program, the favor for winning the contests went to Mrs. Della May Cole, after delicious refreshments were served by the hostess. The next meeting of the club will take place in March, place of meeting to be announced later.

Mrs. George Dibble Gives Fine Sermon At Baptist Church

Strong Sermon Delivered Upon
"Opening Blind Eyes" To
Crowded House Here

ELLWOOD CITY, Feb. 20.—Nearly a full house greeted the Dibble party against last night in the First Baptist church. Mrs. Dibble preached upon the topic "Opening Blind Eyes" using as her Scripture the story of blind Bartimeus the beggar as recorded in 10th chapter of Mark.

Mr. Dibble and Mr. Mustaine conducted the usual song service at the first part of the meeting. "Revive us again" was the opening congregational hymn. The choir under the leadership of Mr. Dibble sang a new arrangement of an old hymn, "The Day of God Is Breaking". They also sang splendidly the popular church song, "I will sing of my Redeemer". Mrs. Steinburger and Mrs. Mosely sang a duet entitled, "Have you counted the Cost".

Mr. Dibble for one of his regular evening solos sang a new song "The Church by the side of the road".

FIRST CHRISTIAN BOYS

Boys of the First Christian Church Boy Scout Troop 15 held regular weekly meeting Tuesday evening, February 17 in the First Christian church. The meeting was in charge of Senior Patrol Leader Ralph Montgomery.

The opening exercises of the meeting included the scout oath and allegiance to the flag lead by Senior Patrol Leader Montgomery. Instructions in first aid were given by Scoutmaster Sidney Smith.

The patrols were sent to their respective corners where they collected dues and heard the good turns. Points

for the contest, which is based on the twelve scout laws, were counted.

Many interesting games were enjoyed by the troop. The prize for the fuz stick contest was won by Herbert Rodgers of the pine tree patrol.

Two new boys were admitted to the troop. Donald Jones and Burden Carder. Tests passed Tuesday night were as follows: Observation by Edward McKee and second class first aid by Russel Book.

The meeting was closed by Scoutmaster Sidney Smith repeating the scoutmasters' benediction.

An enjoyable week end was spent by members of the troop at the memorial cabin at Boy Scout Camp John M. Phillips, situated on the Slippery Rock.

Scribe, Herbert Rodgers.

RADIO MEN ON BOARD VESSELS FACE DANGERS

Also Have Opportunity To Study Extensively While On Job

(International News Service) NEW YORK, Feb. 20.—Interwoven with the romance of the sea is the life of thrills and danger led by radio operators aboard ships.

Time and time again the public has been told how an operator, his ship sinking beneath him, chose to stick by his instruments in the hope that somewhere another vessel would pick up his SOS calls and rush to the rescue.

All of which is very true. But in the glamor of heroic work, the public, according to Rudolph L. Duncan, president of RCA Institutes, has overlooked the opportunity for study and self-improvement presented to the radio operator on shipboard.

"The average operator," Rudolph says, "works little more than two hours a day, with the remaining twenty-two hours more or less for himself. True, he may be on watch, but listening in for calls does not prevent him from engaging in useful study."

Some of this country's most brilliant radio executives were once shipboard operators, Rudolph pointed out. The reason, he said, is they were ambitious and invested their leisure moments on shipboard to good advantage.

Pittsburgh Woman Has Noted Ancestors

(International News Service) PITTSBURGH, Pa., Feb. 20.—Among her treasured possessions Mrs. Nanie Clay Gibson of Pittsburgh, cherishes the diplomatic sword worn by Henry Clay, early American statesman, at the signing of the treaty of Ghent—the treaty which marked the close of the War of 1812.

Mrs. Gibson is the great-granddaughter of the famous statesman and orator, and lineal descendant on her mother's side of the prototype of Rebecca, in Scott's Ivanhoe.

Other interesting ancestors of the

Pittsburgh woman include Christopher Gist, who, legend claims, rescued George Washington when the raft on which he was making part of his return trip to what is now Erie, Pa., overturned in the Allegheny river near the present site of Pittsburgh.

Mrs. Gibson's father, Thomas Hart Clay, was a lieutenant in the Union army in the Civil War while an uncle fought as a captain in the Confederate army.

WONDERFUL IS WHAT I SAY OF FAMED KONJOLA

Stubborn Stomach Illness Yields Quickly To New Medicine.

"Wonderful is what I shall always say of famed Konjola," said Mr. Frank Frazer, Route No. 1, Orwigburg, near Pottsville. "For many years I did not know what it meant to enjoy a meal. Priglitful cramping spells caused by accumulated gases caused me intense misery, and I bloated and belched after eating even the simplest foods. Weak kidneys caused dizzy spells and frequent night risings. "My wife induced me to try Konjola because it had done so much to restore her health. The benefits that resulted from Konjola were almost immediate in my case. It required but a few bottles to banish a stomach ailment that had been the bane of my life for years. I eat what I wish today without the least discomfort. My kidneys are normal again and my entire system has been cleansed and invigorated."

Konjola is sold in New Castle at Love & Megown drug store, and by all the best druggists in all towns throughout this entire section.

THOUGHT HIS BACK HAD BEEN SPRAINED

World's Tonic Gave Mr. Alex. Ott of Beaver Falls, Pa., Double Relief

"I thought I had sprained my back in handling some heavy machinery one day in the factory," declared Mr. Alex. Ott of Beaver Falls, Pa., who works in one of the factories of that thriving city. "It hurt me so that I put two towels on it that night and tried to heat out the pain. The next day my back was so tender that I spared it all I could. But the pain hung on as no strain had a right to, and after a couple of weeks I began to fear it might be from my kidneys. I had had a considerable amount of trouble with constipation, and I thought some of the strong medicines I had taken two or three times a week for this might be injuring the kidneys. So I tried two or three kinds of kidney medicines, but without any good result. This thing worried me so that I did not eat very well, and I was not sleeping good either. Between the pain and the worry I was very restless, and I began to lose weight."

"I felt that I must have a good tonic to keep up my strength, and entirely without thought that it might benefit my kidneys I commenced taking World's Tonic. The first pleasing thing I noticed was that this medicine was regulating my bowels. After I had taken a bottle of it I had two passages regularly every day, and that alone made me glad I had used World's Tonic. But after I had taken two bottles I noticed that the pain in my back was less severe, and then one night I slept all through without any sign of pain."

"Making this story as short as I can, after three bottles of World's Tonic I had neither bowel nor kidney trouble, and my back felt as good as it ever did. Relieving that kidney trouble was like receiving money from home. I had not expected it, and I therefore felt a big winner. But I have since learned that several others in the factory had used it for kidney trouble, and all of them agree with me that it certainly is a wonderful medicine." World's Tonic is sold by Eckerd's, McKee's, Paisley's, Smith's and all other first class drug stores. (A-34)

Rabbi Menkes To Speak On Friday

Social Hour Will Follow—Services To Start At 8 O'clock

"Kiddush Hashem—The Sanctification of the Name"—What is meant by these words, which have been recently brought to the front again by the Jewish writer Sholom Ash?

What peculiarly Jewish concept is contained in them? What influence did this idea have upon the Jewish life throughout the ages? What shall be its significance for us today? These questions will be discussed by Rabbi Menkes at the regular Friday evening services at Temple Israel tomorrow night at 8:00 o'clock.

After the services there will be a social hour with Mrs. M. Goodstein and Mrs. L. Sandler acting as hostesses.

To End A Cough In A Hurry, Mix This at Home

To end a stubborn cough quickly, it is important to soothe and heal the inflamed membranes, get rid of the germs and also to aid the system inwardly to help throw off the trouble.

For these purposes, here is a home-made medicine, far better than anything you could buy at 3 times the cost. From any druggist, get 2½ ounces of Pinex. Pour this into a pint bottle, and add plain granulated sugar syrup or strained honey to fill up the pint. This takes but a moment, and makes a remedy so effective that you will never do without, once you have used it. Keeps perfectly, and children like it.

This simple remedy does three necessary things. First, it loosens the germ-laden phlegm. Second, it soothes away the inflammation. Third, it is absorbed into the blood, where it acts directly on the bronchial tubes. This explains why it brings such quick relief, even in the obstinate bronchial coughs which follow cold epidemics.

Pinex is a highly concentrated compound of genuine Norway Pine, containing the active agent of creosote, in a refined, palatable form, and known as one of the greatest healing agents for severe coughs, chest colds and bronchial troubles.

Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

Bell And Companion Awarded Damages

Given Small Sum For Injuries Received In Auto Crash With Car Of Page

MERCER, Pa., Feb. 20.—The jury in the common pleas action in which Mary Ruffing and Harry Bell of Grove City are plaintiffs and Chris Page of that city defendant, returned a verdict of \$500 for Bell and \$100 for the woman this morning. The case grew out of an auto accident. The case is of interest due to the criminal complication involved. Now in hearing is the case of Gerald Dixon, Sharon attorney, vs. J. B. Shannon of that city.

Dixon is suing for an attorney fee alleged due him for collecting an auto repair bill for Shannon, who claims that he did not employ him in his official capacity as alleged by Dixon.

ASK BRIDGE VIEW

The officials of the city of Farrell have petitioned the court for viewers to make inspection of the Hamilton avenue bridge in that city. The petition sets forth that the city is not liable to build the bridge and petitions county help. The structure is set forth as being in need of replacement.

Judge J. A. McLaughry today signed the order, naming L. E. Burnside of Sharon and J. W. Nelson and J. M. Miller of Mercer as viewers.

JAILED ON CHECK CHARGE

George Haynes of Greenville is in jail for 30 days for passing worthless checks. The visit is the fourth that Haynes admits for this offense, but court officials here allege that the number of visits is in excess of this number.

SUES OVER CRASH

Suit was filed today by J. K. Womer of Pymatuning township against Philip Dicken of Meadville, asking a verdict of \$10,000 for injuries incurred on the date of July 31st last, when the car of the defendant is said to have run into that of George W. Morrison, with whom Womer was riding. Morrison sues for his son, Thomas J. Morrison, for the amount of \$2,500.

J. W. McMullen of Sandy Lake, whose property was damaged by the building of the new Sandy Lake-Clark Mills road, asks a trial by court and jury, claiming that the

amount awarded him by viewers is not sufficient.

BUYS NEWSPAPER

"Jim" Hart, for many years on the Greenville Record-Argus, has resigned from that paper and gone to Canonsburg, where he heads his own paper. Hart will be well remembered here. For a year he was the courthouse representative of his own paper and other county publications. He is well fitted for his new venture by a lifetime of experience in the business.

INSPECTOR RESIGNS

James M. Anderson of Springfield township has resigned as inspector of elections in West Springfield and Sherman Drake was appointed to succeed him. Both are well-known Democrats.

MANY GET LICENSES

Dog licenses are being sold here

at the office of the county treasurer at the rate of 40 a day.

To date 7,200 licenses have been sold since they were put on sale in December. For the entire year of 1929 the issue was but 9,056.

The 1930 issuance will be 1,000 in excess if the present ratio keeps up. In the meanwhile Agent Harry Higbee of the bureau of animal husbandry, who has charge of the situation in the county, is out hunting dogs that are not licensed or are running loose.

Dogs must be chained between sunset and sunrise and at other time in control of the owner.

TO SURVEY SCHOOLS

A representative of the state board of education will visit this county soon. He will make a survey of Sandy Lake township and Sandy Lake town school districts.

A consolidation of these two districts is reported to be almost a certainty, in view of the increased efficiency that will accrue.

Jamestown and Greene townships in Mercer county and Shenango township in Crawford county are also discussing a consolidation.

16 YEAR OLD MISS PLAYS CHURCH ORGAN

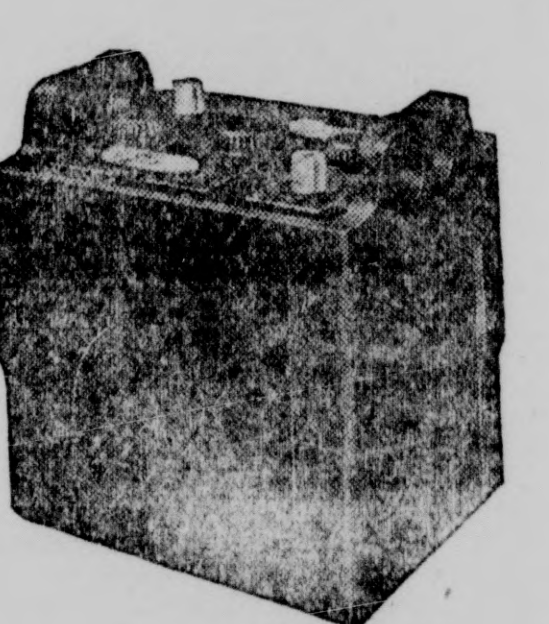

(International News Service) PARIS, Feb. 20.—A tradition was broken when Mile. Renee Nizan, aged 16, was permitted to play the great organ of Notre Dame Cathedral. Heretofore women have never been allowed to touch the instrument. She played only for the vesper services.

Meets With Accident In Towed Automobile

O. F. Morrissey, 8 North Lee avenue, met with a peculiar as well as painful accident recently when he went to start his automobile and on account of the cold weather it would not start. He called a tow car and had his car pulled away, sitting in it, when the tow rope broke and the car crashed into a telegraph pole on West Washington street, near the West Side school. The windshield and some of the windows were broken. Mr. Morrissey having his face and head badly lacerated. Eighteen stitches were required to close the wound. He is recovering nicely, although he will bear the scars for many a day.

Several Deeds Owned By Local People Disclose Some Interesting Facts

By JANET KISSINGER

From 5 shillings to \$70,000! It is almost incomprehensible that a farm of 133 acres, which once sold for approximately \$120, would, less than a century later, sell for \$70,000.

But, as shown by several deeds, possessions of E. B. Hawkins, of Park avenue, it is a fact. The land was first bought by Joseph and Elizabeth VanMeter, and the tract was located in Washington county, Pennsylvania. The deed is dated February 10, 1792. It was written on parchment paper, and is in excellent condition.

Then, according to another deed for the same 123 acres, also the property of Mr. Hawkins, the tract was sold for 375 pounds, in 1804. At the

time this deed was written, the county of Washington had been changed to Greene county. It probably was divided.

In 1854, the land was sold for \$3,340.31. And recently, according to Mr. Hawkins, the land brought a price of \$70,000.

Another old deed of interest, is owned by Mrs. Martha Weir, of Crawford avenue.

The signature of Benjamin Franklin was attached to this deed. The date on the old document is August 17, 1787, and the land was situated, according to Mrs. Weir, in Beaver township, Westmoreland county. This was the first district of donation.

The deed was written on sheepskin and was in excellent condition.

GARDNER

The beautiful song birds that fly near our door, are pleading a share of our plentiful store, on ground that's snow covered, no food can they find. It's hard to bear hunger and cold when combined. Cardinals, woodpeckers, sparrows are here, the crumbs from our tables, would bring them much cheer. The Lord of the harvest is watching to see if the birds of his care to our hearts find the key.

Rev. F. M. Wagner will preach next Sunday night at the East New Castle Mission. Mr. Samuel Baker of Savannah was the speaker last Sunday night.

East Side Branch Library Being Used Quite Extensively

During the eight months since the East Side branch of the New Castle free public library was established, there has been a circulation of 26,166 books from that branch, according to the annual report submitted by Miss Alice Sterling, librarian. That is good evidence of the popularity of the East Side branch.

The South Side branch library has a circulation of 41,727, during 1929, the Mahoning branch, a circulation of 26,379 and the Jameson Memorial hospital, 1939.

7000 MILES OVER LAND, SEA AND MOUNTAIN PEAKS ON "STANDARD" PRODUCTS ... IN RECORD TIME

Out of the freezing, early morning mists of the Metropolitan Airport, at Newark, N. J., rises a great white bird—a stream-lined Lockheed Vega. It has already flown more than 50,000 miles over two continents, and is off to span a third. Lieutenants White and McMullen have started for Buenos Aires, 7000 miles distant—18 days by the fastest steamship. Eight hours and a half later they land for STANDARD gas and oil in the semi-tropic city of Miami, with a new record for speed. Off the next morning for Panama. Not a landing field anywhere on the 1400 mile hop to the Canal. For the first time a plane makes a non-stop flight from Florida to the Canal. Safely they take off, the next day, from Cristobal for Peru, thence to Chile, and finally the perilous passage, 20,000 feet in the air, over the Andes to Buenos Aires. Not a miss in the motor over the full route. Perfect fuel and perfect lubrication.

"Standard" has helped break many records. From the first flight, when the Wright Brothers used "Standard" Gasoline to power their fragile plane, aviators have depended on "Standard."

HIGHLIGHTS OF HISTORY

The Story Of American Industry
The Beginning Of The Factory System In America

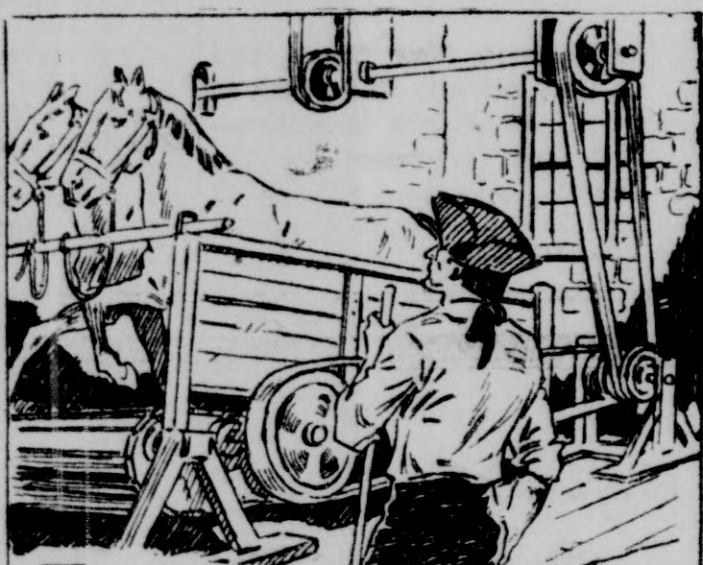

THE "INDUSTRIAL REVOLUTION" IN ENGLAND, THE TRANSFER OF MANUFACTURING FROM THE HOME TO THE FACTORY, HAD ITS ECHO IN THE AMERICAN COLONIES. SINCE 1765, WHEN GREAT BRITAIN HAD PASSED THE "STAMP ACT", THE COLONISTS HAD BOYCOTTED BRITISH GOODS. AMERICANS SOUGHT TO PRODUCE NEEDED MANUFACTURED GOODS IN THIS COUNTRY.

IN 1775, THE YEAR THAT SAW THE OUTBREAK OF THE WAR OF INDEPENDENCE, A GROUP OF QUAKER MERCHANTS, WHOSE LEADING SPIRIT WAS SAMUEL WETHERILL, FORMED A COMPANY IN PHILADELPHIA FOR THE MANUFACTURE OF TEXTILES. AN AMERICAN-MADE COPY OF HARGREAVE'S SPINNING "JENNY" WAS SET UP, WHILE THE WEAVING WAS DONE ON THE OLD HAND LOOMS.

THE PHILADELPHIA FACTORY WAS IN OPERATION FOR TWO YEARS. THEN, IN 1777, WHEN THE CITY WAS TAKEN BY THE BRITISH, AND THE STREETS RESOUNDED WITH THE MARCHING TREAD OF LORD HOWE'S REDCOATS, THE FACTORY CLOSED ITS DOORS. AT THE CLOSE OF THE REVOLUTION, HOWEVER, WETHERILL RESUMED THE MAKING OF CLOTH.

THE FIRST COTTON MILL IN NEW ENGLAND WAS ESTABLISHED AT BEVERLY, MASSACHUSETTS, IN 1788. A TEAM OF HORSES SUPPLIED THE POWER THAT TURNED THE WHEELS OF THE MACHINES. THIS ENTERPRISE WAS FINANCED BY THE STATE, BUT FAILED DURING THE DARK DAYS THAT PRECEDED THE WAR OF 1812.

New Castle "Y" Volley Ballers Defeat Sewickley

New Castle Team Goes Step Nearer Championship In Central Western Section

SEWICKLEY FAILS TO WIN GAME

The New Castle "Y" Business Men's volleyball team is one step nearer the Central Western Pennsylvania volleyball championship, as the result of their sound trouncing of the Sewickley "Y" men, in a five-game match at the local "Y" on Wednesday night. The New Castle men won all five games rather easily.

The scores of the games are as follows: New Castle 15, Sewickley 1; New Castle 15, Sewickley 2; New Castle 15, Sewickley 1; New Castle 15, Sewickley 4; New Castle 15, Sewickley 3.

Locals Are "Hot"
In the second game the locals ran up fourteen points before the Sewickley team took possession of the ball which is quite a feat in volleyball, they tell me. The New Castle team performed like a well oiled machine as they slammed their way to victory. The way they pass that ball is pretty to watch. Every man in volleyball ball has something to do, and it is vitally necessary that they accomplish team work, which is the keynote of the game.

The locals are all enthused over the playing for the State Championship at Pittsburgh on March 29. All of the men have a keen interest in the game and it makes them play harder to win.

Matches Arranged
On March 5, the New Castle men will play the Coraopolis "Y" team at New Castle. March 11 will find the New Castle team at Tarentum, and on March 11 the locals go to Sewickley for a return set of games.

The New Castle men on the local "Y" team are: Lew Harlan, Ray Rhodes, Rev. W. E. McGarry, George Seyfert, Anthony Marino, C. D. Mills, William Erno, Joe Sulzer officiated at the games played last night, and did a good job of it.

Volley ball is going great at the local "Y" at present, there are several hundred men interested in this game, and it is asked that more join in the spirit of the game and get started playing volleyball. Joe Sulzer and Lew Harlan are acting as co-coaches of the team, and what Lew and Joe don't know about volleyball isn't worth knowing.

Henry T. MacNichols local physical director kind of looks after the Business Men while they are playing volleyball. Henry is quite good at the game they tell me. Harry Day, former physical director at New Castle and now at Sewickley was with the Sewickley team last night when they came to New Castle, but even the presence of Day didn't inspire the Sewickleyers.

Gerson Jewelers Are Defeated In Championship Play

B. M. D. Club Of Youngstown Wins First-Half Title In Play-Off Game 22-14

The Gerson Jewelers were defeated 22 to 14 in the play-off game for the championship of the first-half of the Jewish League at Youngstown, Ohio, on Wednesday night. The B. M. D. club turned the trick.

At the end of the first half the B. M. D. team led 9 to 7, and maintained their lead in the second half when Knable, Laskin and Orenstein broke loose to score five baskets between them. The Gersons could not get started. The game was slow but interesting, both teams were off their stride.

Jack Gerson, local jeweler, backer of the locals was at the game and was satisfied with the way in which the locals played. The biggest crowd of the year witnessed the game, about fifty from this city going to the game.

The second half of the league starts next Wednesday with the Gersons meeting the Rhodans, and the B. M. D. taking on the Blumberg Plumbers.

The Summary:
Gerson Jewelers 14, B. M. D. Club 22
E. Solomon, F. Orenstein, Rogovin, Laskin, S. Levin, C. Knable, Plant, Gerson, Feuer, H. Levine, Gerson, Fox
Subs.—J. Solomon, D. Baron, Lando, Rotenberg, Field, Orenstein, S. Levin, H. Levine, Orenstein 2, Laskin 3, Knable 2, Fouls—Gersons 4 out of 10, B. M. D. Club 8 out of 14. Referee—Fox. Scorer—M. Levine. Timer Oblansky.

High Stars Top Trojans 33-11

The Wampum High Stars added the Trojans to their list of victims for the year, on Tuesday night in a game at Wampum. The game was a preliminary to the Kandy Kids-Monaca game, which the Kandy Kids won 22 to 16. The score of the High Stars-Trojan game was 33 to 11.

The playing of DeMark, Caplan and Ferrucci featured.

The Summary:
Wampum High Stars, Trojans
DeMark, Porter, Caplan, Demato, Ferrucci, Reynolds
Subs.—None for both teams.
Field goals: Wampum, DeMark 6, Caplan 4, Ferrucci 4, Porter 2, Trojans 1-3; Ferrucci 0-1; Trojans, Patterson 4-5; Wayne 0-1; Jateny 1-6.
Referee—J. Ferrucci.
Timekeeper—J. Julius.
Scorer—D. Frank.

Big Year For Lightweights

With both Al Singer, of New York's Bronx section, and Jackie Kid Berg, London's Whitechapel Express, already displaying great ability and drawing power as crack lightweights, Champion Sammy Mandell is facing the most prosperous year ever in the annals of that fistic class. The big shot for 1930 should be a championship tilt, probably with Singer, in one of New York's great ball parks where golden gates are assured whenever pugilistic greats clash.

Of course, the impression is spreading that Mandell's crown is slipping, being tilted more and more by the invisible touch of Time. Speed is the very essence of Sammy's power, and nothing can be taken from an athlete more surely than speed merely through the passage of a few years. A few weeks ago Mandell lost a furious 10-rounder to the arch-hitting Jimmy McLarnin. No title was at stake in this catch-weight affair. It was their second battle. Sammy was fast, but seemingly not the cyclone of yore, as when he completely outspeeded Jimmy two years ago.

THOSE EARLY MORNING RADIO EXERCISES

HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

Athletics, especially those of a pro nature, abounds with "headaches". When a pitcher's arm goes bad the manager raves and when a football player is laid up with a sore leg the coach pulls his hair. A basketball team motor chews his jaws when uncertain long shots are attempted and in boxing—oh, boy, there's a million headaches every week.

And not only the promoter but the matchmaker, manager and fighter get them. They're apt to turn up any minute. An icy street or a snowstorm can drive a promoter daffy and a matchmaker who doesn't have a steel nerve is sure to go "telephone crazy."

He can book a bout that, "on paper", and according to past records, look like a million dollars and when the performers crawl into the ring put on a crude exhibition and it is then that he is apt to "break."

A manager is likely to shed tears when a fighter hurts a hand immediately before a bout.

ever hears a pro' fighter make "dirty cracks."

They are boxers because they find it a good livelihood, should they prove successful and it puts many youths in a position to help their families as can be illustrated in the case of Frankie Lands, a New Castle youth, who has been boxing for a year. His right name is Aquiviana.

Rheumatism has crippled his father to such an extent he is unable to work. He has a brother who is a senior in college. Someone must bring the brother complete his course. Only 19 years old, yet Lands has taken the task unto himself.

He works daily and at night he trains. He crawls through the ropes and endeavors to please the fans who pay to see him fight. Next Monday evening they will witness him contest with Danny Burns of Cleveland. They're scheduled to "go" six rounds at 120 pounds.

Another local boy on the card is Frankie Frey who weighs between 155 and 160. He is calendared to tackle Jimmy Miller, of Cleveland. Jimmy is said to be a boxer and a "kid" who knows how to step around a ring.

With Jimmy Hogan and while he lost the decision he pleased the fans.

Two other favorites, Bud Dempsey, Ambridge and Jackie Ward, Cleveland, also 120 pounders will swap blow for blow in the six round semi-final. The last time they fought here the fans were so excited they stood up, cheered and were hoarse when the thrilling glove duel was over.

In the main bout, recognized as a feature attraction here, Jimmy Mahoney, Chicago and Sam Weiss, Philadelphia, will step into the ring, weighing around 175 pounds. They are listed for 10 rounds. Mahoney has defeated 10 opponents, fought Lou Scozza, Jimmy Slattery, Dick Daniels and others.

He isn't the champion light-heavyweight of the world but Ray Alvis, his pilot, claims he has a decision over Slatery and maintains emphatically that when Slatery battled Lou Scozza the award should have been a draw. Mahoney is a smart, cagey fighter, one who has class and that means considerable to fans.

Weiss is a rugged fighter, one who likes to stand toe to toe. Al Lippe says that in a bout at Norristown, Pa., Weiss defeated Billy Jones, the light-heavyweight who is recognized as one of the best in the world. Lippe also maintains that Weiss beat Babe McGorgary. Hence the battle prospects are good.

Jolly bowl has taken it on the "chin" throughout the winter. On almost every "fight night", a bad break in the form of inclement weather or ice-covered thoroughfares and highways and had a tendency to keep down the size of audiences—and when this happens, Mr. Bill Jolly has to dig deep into his pocketbook.

Emmett Rocco will leave today for Cleveland, O. and Friday night will fight Frank Sims who ranks next to Johnny Risko in Cleveland's heavyweight division. Sims and Rocco are terrific punchers. They are not scientific and it looks as though the first good punch will decide the winner.

A large crowd of Ellwood City, New Castle and Youngstown fans will follow the Ellwood City to the Public Auditorium where the fight is to be held and we're glad to see this. Rocco has had a lot of tough breaks and while the spirit of the ring is "We hope the best man wins", locally everyone pulls for Rocco.

Babe Ruth Only Yankee Holdout

NEW YORK, Feb. 20.—Babe Ruth today was the sole holdout of the New York Yankees.

Ed Barrow, secretary of the New York Americans, announced all players had signed contracts with the exception of the Bambino.

Nineteen pitchers, five catchers, six infielders and five outfielders have been signed by the Yanks. Barrow refused to comment on when Ruth was expected to sign or what steps, if any, had been taken to meet the Babe's demand for a three-year contract at \$85,000 annually. He has been offered \$75,000 annually in a two-year contract.

Game With Tubers Means League Title

New Castle Must Defeat Ellwood City To Win Sectional Title Friday

New Castle high school basketball team held a workout in preparation for the Ellwood City high game on Friday night at Ellwood City on Wednesday night at the senior high school. Coach Bridenbaugh appeared pleased following the drill.

The locals are going to Ellwood on Friday with the hope of capturing the sectional championship. Ellwood City will be in there for honor too, according to reports.

When New Castle won the W. P. I. A. L. championship several years ago they were undefeated in the sectional race until they played Ellwood City at Ellwood. That was the only defeat the locals received in the sectional race.

One of the best games ever seen at Ellwood City this year is expected to be played on Friday. The local high school girls will play the Ellwood City maids in a preliminary game. In the first meeting of these two teams the tube city quintet surprised by topping the locals. The Red and Black ladies hope to even the count.

CRITICISMS

There's just nothing that you can do about it. The Sharkey-Scott fight is almost here.

Scott's camp reports he's not feeling so well. And he hasn't been hit yet.

The Boys are laying heavy coins that Phil can't taste Dr. Jack's leather medicine and convalesce.

Jack and Phil are booked for 45 minutes of canvas prancing if Jack can hold back the needle that long.

It looks like the Massachusetts Mariner is in with no counties reporting. Old Papa Dempsey once proved Sharkey could feel right and be wrong.

However, the difference between the Manassa Man Mauler and Phriend Phillip is too great to mention here and still avoid war with the British Isles.

It looks like a good night's rest is ahead for Phil. And unpleasant dreams.

STARS OF YESTERDAY

BY AL WINFIELD

The prize hard luck pitcher of the first decade of the current century was Leon K. Ames, and make no mistake about it.

Poor Leon had more bad breaks than any other hurler in the big time. But he was a great pitcher just the same, a master moundsman who shone for many years in the forward phalanx of major league hurlers.

I remember seeing Leon twirl more close games and losing them than any other pitcher of that or this time. It seemed that when Leon went into the box his team just lost their batting eye and he would pitch his head off only to lose because no runs were produced behind him.

The prize exhibit of his career was the no-hit game he pitched on April 15, 1909, for the New York Giants against the Brooklyn.

Ames hurled faultless ball for nine innings, but to no avail, because the Giants had failed to score a run in any of those same innings. The game ended in the 13th inning with the Brooklyn scoring three runs and Leon's splendid no-hit performance was washed out in that unlucky frame.

Almost as bad a bit of bad luck occurred to Leon in the world series of 1911, when the Giants faced the Athletics. Leon was not used by the Giants until the fifth game, when Rube Marquard opened the game for McGraw but fell down in the fourth inning, the A's scoring three. Ames went in as relief and hurled scoreless ball for the Giants for four innings. Then Crandall went in and the Giants seemed to awaken and pushed over the tying and winning runs.

West Virginia Wins From Yellow Jackets
Sleepy Glenn was the main factor in West Virginia basketball victory over Waynesburg 31 to 28 last night at Morgantown. Waynesburg employed the slow, revolving offense but could not penetrate the Mountaineers' defense. Their long shots, however, broke right. Glenn caught three and Cubbon one field basket to win in the last period.

Mickie Solomon To Meet Moretti
Mickie Solomon, New Castle, and Gene Moretti, Atlantic City, meet in a 10-round bout tonight at McKeesport. Solomon contracted for the bout several weeks ago, became ill with tonsillitis and the bout was postponed until tonight.

Leatherettes Take Win From Lawrence
The Leatherettes defeated the Lawrence Five 28 to 22 in a game played Wednesday night on the Mahoning Junior high school basketball floor. The summary follows:

Leatherettes 28, Lawrence Five 22
Dugan, Raskowski, J. Slosnerick, Majocka, Cherney, C. Slosnerick, Nickum, Sesko, G. Slosnerick, Baker
Substitutions: Zidow, Cywnar, Majocka.

Field goals: Dugan 3, J. Slosnerick 8, Cherney 3, Raskowski 4, Nickum 2, Majocka, Billyk 3. Poul goals: Leatherettes: None; Lawrence Five 2 out of 5.

Referee: Fulton; scorer, Mitchell; timer, Patton.

Golfers Rout Golf Par At Savannah
Par 74 on the historic Savannah golf course meant nothing yesterday. Harry Cooper shot 67, Bobby Jones, Horton Smith and Ed Dudley did it in 68 and Smith took 69 and Jones 79 on another round. Thursday will see the Invitation tourney open. It is worth \$3,000.

Round-Robin Duckpin Championship Tourney Will Be Staged Here
Tommy Solomon, Jr., was bubbling over with enthusiasm today as he announced plans for a grand round-robin duckpin tournament to be held in the seventh ward. The tourney starts on Thursday evening, February 25, and will continue until the Lawrence county championship is won by any five-man team.

The event is the biggest of its kind ever attempted here. No five-man duckpin team in the confines of Lawrence county is barred. This includes New Castle, Ellwood City, New Wilmington, Wampum, Slippery Rock, Harlansburg, Mt. Jackson, Bessemer, Hillsville, etc., and in fact anywhere there is bowling or good bowlers. Just get five men together and get in this tourney. There is no entry fee. The grand prize is a handsome loving cup.

So far there are about 20 teams in the round-robin, and it is hoped that Ellwood City and New Wilmington will send their best bowlers to compete.

Industrials to Bowl.
Dr. Ashton, president of the Industrial Duckpin league, has promised that all of the industrial teams will be entered. It is likely that the city league teams will follow suit. The teams outside of the two leagues mentioned that have signified their intention of entering the tourney are the Radiator Works, Engineering Works, New Castle Tin Mill and Shephango Tin Mill. Don't think there is not going to be competition—there is, and plenty.

All teams will be given numbers as they enter the tourney and when it comes the time the numbers will be drawn from a hat for the purpose of matching the teams for play—you know, the first two numbers drawn play, etc. Entries will close on Saturday night.

National Boxing association moguls have asked Leonard Sachs, manager of Jack Dempsey, to "smoke out" Dempsey as to whether or not he proposes to fight again. The association controls boxing in 33 states and has asked Sachs to secure a written statement from Dempsey. Ray Alvis, who comes here with Jimmy Mahoney Monday, was associated with Dempsey as matchmaker for the Coliseum in Chicago.

Army Jolts Tech In Basketball

Army defeated Carnegie Tech 49 to 29 last night at West Point. The Plaid basketballers were led by Merten and Nease and during the first half Tech showed up good. In the final part of the game Kruger got going. He scored 22 points in the tilt.

Joey Goodman and Kid Chocolate have not yet been matched for the 10 round proposed battle at Cleveland. Joey put on a good whirl recently with Sammy Mandell.

Wampum Team Wins Twenty Sixth Game

Kandy Kids Trim Monaca Celtics By 22-16 Score At Wampum

The Wampum Kandy Kids registered their twenty-sixth triumph at the expense of the Monaca Celtics on the Wampum Opera House floor by a 22 to 16 score. The game was very interesting throughout and cleanly played and was not decided until the

last two minutes of play. The Celtics played bang up ball during the first quarter and as the first period ended, were leading by a 3 to 1 score. This is the first game this season that the "Kids" have been held practically scoreless during the first period. In the second chapter, the worm turned and the Celtics were outscored 10 to 3, giving the Wampum "3" a 11 to 6 lead as the half ended. Monaca came back with a vengeance in the third quarter and topped the locals 6 points to 4 and were only trailing by a 15 to 12 score as the chapter got under way. After eight minutes of hard basketball, Clarke registered one from under the hoop and a wonderful shot by Birner tied the score at 16 all, with only two minutes remaining to play. Aiello registered a difficult shot from scrimmage and White and Boone followed with a bucket apiece which put the game on ice. Clarke, all-county forward last year for Monaca High School, played a sensational game for the Celtics and scored 12 of his teams 16 points. He was by far the outstanding player of this game. For the "Kids" Aiello shown brilliant for the whole part of the game, with

Ferrucci and Demark exhibiting some wonderful guarding. Saturday night, the locals travel to Beaver and meet the Beaver Scholastic Jrs., on the Beaver High School floor in a return engagement.

Summary:

KANDY KIDS	CELTICS
Boone	Boone
White	White
Aiello	Aiello
Ferrucci	Ferrucci
Demark	Demark
Substitutions: Wampum, McKim, Kennen, Roberts, Shiek, Monaca, Robitz, Hoffman.

Union-East Brook To Play Friday

Friday night at East Brook the high school teams of East Brook and Union will play in a county league battle. The game will be interesting, according to belief.

The Union boys are out to win this game tomorrow night and thus avenge a setback suffered at the hands of East Brook on the Union high floor earlier in the year. Coach Boyd has the Union players right up on the top. Union high is not one bit discouraged because of the poor showing they have made this year, but they intend to fight to the last minute to down East Brook. The Scotland Laners are just beginning to find themselves and are rarin' to go.

LAMONT QUITS LOYOLA

Dan Lamont, for two years director of Loyola U athletics, has resigned to become head line coach for the University of Washington.

Here, too!—
 More people ride on
 Goodyear Tires than
 on any other kind

Why "put up" with such delays?

—it costs so little to ride on safe new Goodyear tires!

GOOD
 Pathfinder

End delays, bother risks—the expense of punctures and blowouts—these worst driving months of the year. Costs little to put on safe new Goodyear Pathfinders—better tires than many high-priced brands. Low priced because Goodyear builds more than 1/4 of all tires sold in America. See these quality bargains!

NEW YORK STOCKS

Selling Pressure Develops In Early Market Trading

(International News Service)
NEW YORK, Feb. 20.—Industrial stocks and specialties were depressed in the first hour today by a repetition of the selling pressure which unsettled the whole list in the final period yesterday. Losses of 1 to 4 points were recorded for the speculative leaders, including U. S. Steel, Westinghouse and General Electric, but in spite of this weakness the utility stocks were able to resume their forward move, with Brooklyn Union Gas up 5 points to 176.

Westinghouse sold off 4 points at 175 before meeting with any special buying demand, and General Electric at 72, was down 6 points from the high of the move. United States Steel sold off 1 1/2 at 103 1/2.

The oil stocks were again under pressure as the result of the confused situation in the producing and refining end of the industry. Eastern refiners cut gasoline prices again today in an effort to stave off the influx of western "gas." Standard Oil of

California sold at the year's lowest price at 55 1/2, down 1 1/2, and Standard of New Jersey established a new low for the years at 58 1/2.

Loews, Paramount and Fox Film, the leading amusement stocks, rose about a point on the average in fairly heavy trading. Bulls in Radio, Simons and other favorites asserted themselves and drove their stocks fractionally higher. Railroad dividend stocks were never allowed to fall very far without finding buyers and motor stocks gave a better exhibition in the second hour.

Brooklyn Union Gas at 176 showed a new advance of 5 points and a 76 point rally from the November low. The stock is in demand from powerful financial forces which are directly concerned with the merger of the company with Consolidated Gas.

Wheat lost more than a cent a bushel and cotton was fractionally lower in the early trading. Call money was in good supply at 4 1/2 per cent.

George Jones Is Sentenced To Jail

George Jones, colored, who was charged with assault and battery on Sarah Raymond, a white woman, residing in the Preston avenue district, entered a plea of guilty before Alderman Maritz this morning and was sentenced to 30 days in the county jail. The trouble occurred when Mrs. Raymond objected to Jones running across her property.

Just About "Fifty-Fifty"

DURING the year just closed the pedestrian had just about a "fifty-fifty" break with the auto driver in the race to the cemetery. Of the 31,500 fatalities for 1929, approximately 16,000 were pedestrians, according to compilations recently completed by the National Safety Council. What a monument to carelessness, thoughtlessness, indifference! Let us hope that we have reached the top of the hill in national auto fatalities and that from now on the annual toll will show a decrease. When every driver accepts his personal responsibility for the safety of himself and others the figures will be reduced. Speed the day!

Arranging For St. David's Day

Rev. Rees T. Williams To Make Principal Address Of Event

WILL TAKE PLACE SATURDAY, MARCH 1

From the indications thus far, the annual St. David's banquet which will be held Saturday evening, March 1, will be more than an ordinary success. The advance ticket sale is good and the probabilities are that the basement of the Central Christian church will be filled to capacity for the affair.

The banquet is a joint affair, sponsored by the Star of Wales lodge, True Ivories of America, and the women's organization, Martha Lodge. The Ivories are being represented by their vice president, Joseph Leyde, and the Martha lodge by President Mrs. David Lewis. Evan Hopkins, president of the Star of Wales lodge and national vice president of the Ivories, will be the toastmaster of the evening.

Rev. Williams to Speak. The principal speaker of the evening will be Rev. Rees T. Williams, pastor of the First Congregational church, with Bart Richards and D. O. Davies making short addresses. An excellent program of music has been arranged in which the following will take part: Soloists, Miss Florrie Davies, Mrs. R. T. Morris, Mrs. William Bludorn, Charles Richards and Daniel Hughes, with Griff Thomas as the leader.

As usual, the ensemble singing will be a feature of the banquet, with Griff Thomas directing it, and Edwin Lewis at the piano. While the banquet is sponsored by the lodges mentioned, it is not restricted to membership only and many outside the lodges will attend.

Item In News Results In Speedy Recovery Of Stolen Automobile

A. G. Skundor, New Castle R. D. No. 9, in a letter to The News today expresses his appreciation of the assistance given him by an item in The News in the recovery of his automobile, which was stolen Tuesday evening.

ning from the rear of the New Castle Hardware company. He reported his loss to the city police, the state highway patrol and the sheriff. The fact that it was stolen was learned by The News from the police and the item published. Shortly after the paper was out about 3:30 p. m. to be exact, Mrs. Wilko Hanninen, rear 713 South Ray street, read the item and found that it had been parked all day near her home. She telephoned the Skundor home and Mr. Skundor had acquired his property at 4:30 p. m. The letter states that it was midnight and eight miles from home when he and his wife found the machine had been stolen. Fred Seaman was notified by telephone and loaned his car to Mr. Skundor to get home. Mr. Skundor expresses his appreciation of The News and all those who helped in getting his car back.

Richards Is First In State To File

Papers Are Filed At Harrisburg On First Day Of Campaign

HARRISBURG, Feb. 20.—Two candidates for the House of Representatives today were the first to file nominating petitions with the State Bureau of Elections for the May primary. Yesterday was the first on which petitions legally could be circulated. Those who filed were Bart Richards, New Castle, and Eldor Peelor, Indiana. Both are Republicans. Peelor is seeking his fifth term and Richards his third. Peelor is an attorney while Richards is a member of The New Castle News staff.

Plan To Paint Park Buildings

Manager Carl Shaner Arrives To Map Out Summer Park Plans

Buildings at Cascade Park will be painted white and green during May, it was stated today by Carl Shaner, manager, who has arrived here to make plans for the 1930 recreation season.

Several employees are now at work on Rainbow terrace removing some of the paint from the inside. It is to be repainted. He said that there will be a few new amusements added to the list at the park.

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

Criticizing a government, or the actions of some of those employed in government service is so easy that most of us are expert at it. The mistakes of government stand out like a black eye, while the good things are too often left unappreciated.

Because government is criticized so freely, it seems to follow that a lack of criticism implies hearty commendation. If this is true, and isn't it, one of the most commended pieces of service rendered by the city government is the garbage disposal service, operated out on Sampson street.

Every week your garbage is lifted, mostly without your knowing that the man has been there, hauled away and you know no more about it; or the men responsible for its destruction. So well is this work done that in the past three years I cannot recall of a single criticism being leveled at the Garbage Department of the city, nor at the man who has put it where it is, Howard Phillips.

Saying but little, working a lot, Mr. Phillips runs the garbage disposal plant at a minimum of expense with a maximum of result. Through the type of furnaces used out there, no coal is necessary for the burning of the garbage. Enough wood, paper and other combustibles are hauled in every day to provide some body for the fire and the series of drafts and checks provides blaze enough to destroy all the garbage without the use of coal.

The force of men used is not large, and yet when did you have any complaint to make about the lifting of your garbage? The department is an example of a piece of work well done, with a minimum of words, and it seems to me that occasionally governmental employees such as Howard Phillips are worthy of a public handshake.

Recently a citizen asked him why his men did not lift the garbage during the night. The reason is that he does not want his trucks rattling over the streets late at night, nor does he want his men being mistaken by anyone for night prowlers.

Had the pleasure of meeting an organization last night, which was somewhat new to me, the Phalanx. Composed of young men between 18 and 25 this group is interested in Americanization work and other altruistic service. After reading crime statistics showing that most of our present day criminals are young men in this age limit, it is a mighty hopeful sign to see a group of fellows this age, taking their own time to give the other fellow a lift.

Looney McClung, the lad who takes your city taxes with a smile, is interested in one banquet a year. That is, he is vitally interested, and the banquet is that of the Lawrence County Sportsmen's Association which this year will be held on March 20. If you see him bearing down on you in the street, don't fear any arrest for failure to pay taxes. Reach for your pocketbook and say you'll be there.

Jack White, young son of the City Solicitor is in the Southwest at the present time and has spent some time in El Paso, Texas. Seeing things is a hobby of his and he went over the line to Juarez to see a bull fight. Says its rather messy sport, and not any too interesting.

AGED WOMAN HURT IN FALL

Mrs. Ruth Ann Brest, aged about 89, received serious injuries this morning about 7 o'clock when she fell in the bathroom at the home of her son, P. J. Brest, 302 Highland avenue, where she makes her home.

It is unknown just what happened, as Mrs. Brest had not been well, it is suspected that she had a weak spell and fell. She fractured her right hip at the socket. Her condition is considered quite serious and she was moved to the Jameson Memorial hospital.

Successful Way To Treat CATARRH

The Good Opex Formula

Oil Eucalyptus Eucalyptol—Ephedrine.
Menthol — Camphor — Thymol.
Oil Cinnamon—Oil Verbena.
Oil Cajeput—Mineral Oil.

Insists His New Discovery Opens Up Catarrh Stuffed Nostrils In Three Minutes

Advices All Catarrh Victims to Treat Nasal Catarrh with Opex and Clean Out Unpleasant Mucus Quick

30 Days Free Trial Says McKEE'S KUT RATE STORE

You get up in the morning with nostrils stuffed with mucus — you feel lazy — depressed.

Spray for a few seconds with refreshing, soothing, invigorating Opex and in three minutes your head is clear and clean—every bit of mucus is out—you can breathe Nature's pure air thru nostrils free from irritation.

There is nothing in Opex that can harm you — so use it freely night and morning and as many times thru the day as you wish.

Opex is so helpful in Catarrh of long standing—the stubborn kind—that by using Opex faithfully for a month the worst symptoms of this

humiliating disease are successfully treated. Singing and buzzing in ears when caused by Catarrh is lessened—what a blessing.

And here's something that will delight millions of men—after you spray refreshing Opex in nostrils and throat for 3 weeks you won't have that lump of mucus to hawk up in the morning—men have died from the terrible strain.

You can always get Opex at McKee's Kut Rate Store—a bottle that will last about two months costs but \$1.00—if you aren't joyfully satisfied after using it for 30 days—get your money back.

Note: In New York many singers and speakers spray the throat with Opex to subdue irritation and prevent hoarseness.

New York Police Go To Detroit To Obtain Murderer

Man Held In Detroit Confesses Death Of Watchman And Seven Other Persons

(International News Service) NEW YORK, Feb. 20.—New York police left today for Detroit to take into custody James Baker, said by Detroit authorities to have confessed the murder of Henry Gaw, New York watchman and seven other persons. Gaw was found mysteriously slain in December, 1928, in a chemical laboratory, where he was employed as watchman. Authorities said they would bring Baker to New York for further questioning and that if his confession tallied with evidence uncovered in the investigation at the time the murder was committed they would charge Baker with murder.

Although he is in the shadow of the electric chair in New York for the most notorious of his admitted murders, the athletic ex-sailor and onetime chemist's helper was unmoved by his capture.

He is specifically charged with the killing of Henry Gaw, watchman in the Guggenheim Brothers Laboratory, New York city, on the evening of Dec. 27, 1928.

Baker said that he was once employed by the Guggenheim Laboratory as a chemist's assistant and from this knowledge gained entrance to the building where he overpowered Gaw.

He forced the watchman to drink two cups of coffee in which he had placed poison, but this proved ineffective.

Gaw's throat until the watchman lost consciousness.

Here are the poison victims whom he has named, police say: Henry Guggenheim Brothers Laboratory, New York; A sailor named Honeycutt in a Houston, Texas restaurant in 1924; A Hindu in Bombay, India, in 1927; An unidentified man in Hamburg, Germany, in the spring of 1926; A man named Hillo, in the Philippines, in 1928; And three shipmates on an oil tanker bound from Bayonne, N. J., to Venezuela in 1927.

CONDUIT MEASURE COMES UP FRIDAY

Council To Give Final Consideration To A. T. & T. Improvement Bill

When city council convenes Friday at the city building an ordinance will be acted upon finally whereby the A. T. & T. company will be authorized to lay, construct, maintain and operate conduits and cables in this city.

The ordinance was introduced by Councilman Reeves February 7 and has been printed and will be voted upon finally tomorrow.

The company plans to lay conduits on several east and west side thoroughfares and the improvement it is said will cost about \$50,000.

The ordinance gives broad power to the company but no conduit shall be laid longitudinally in any thoroughfare with city conduits.

Fathers-Sons To Banquet Tonight

Elaborate Program For Fete At Central Presbyterian Tonight

"Resolved: That a Man Can Do a Woman's Work Better Than a Woman" is the subject of the debate that will provoke laughter when the annual fathers' and sons' banquet of the Central Presbyterian church is held at the church this evening. Dinner will be served promptly at 6:30.

Representing the affirmative side will be Miss Emma Moore and Mrs. Oscar Rhodes. Upholding the negative side will be James G. Leslie and Dr. C. B. Winger, pastor of the church.

According to the committee in charge arrangements have been made for the most enjoyable fathers' and sons' get-together ever, and to this end a wide variety of entertainment has been planned.

L. B. Round will appear in his Scottish costume to dance and sing while a team of Boy Scouts will conduct a 15-minute first aid demonstration. James Lewis will lead the pep music while other stunts are in the offing.

Presiding over the program as toastmaster will be George McClelland, general superintendent of the Sunday School.
